French Book Trade in Enlightenment Europe II Simon Burrows, 2018-08-09 This is a rich and path breaking comparative study of reading tastes in the final years of old regime Europe Based on extensive research in the account books of the Swiss publishers the Société Typographique de Neuchâtel STN and related archives it charts the dissemination of literature and reading tastes across Europe in the years leading up to the French revolution In the process it recasts our understanding of late 18th century print culture and the contours of the enlightenment The fruit of a widely acclaimed five year database project the STN database it is also a story of pioneering efforts to apply the latest digital technology and GIS mapping techniques to traditional historical and bibliographic problems Although written to serve as a standalone study this book is ideally complemented by its companion volume Mark Curran's *The French Book Trade in Enlightenment Europe I Selling Enlightenment* which offers a radical reinterpretation of the structure and practices of the European book trade The STN database is now recognised as a cutting edge digital project of global significance Robert Darnton has called it a prodigious accomplishment and a joy to use while Jeremy Popkin adds No one working in the field of French Enlightenment studies can afford to ignore the rich mine of data that Simon Burrows and his collaborators have made accessible in an eminently usable form and the new possibilities it opens up for scholars *The French Book Trade in Enlightenment Europe I and II* offer a roadmap of that data and what it can show us *The French Review* James Frederick Mason, Hélène Harvitt, 1976 Grand dictionnaire universel du XIXe siècle, français, historique, géographique, mythologique, bibliographique, littéraire, artistique, scientifique, etc., etc. ...: A.-Z. 1865-76 Pierre Larousse, 1875 **Histoire de l'édition française**, 1982

Clandestine Erotic Fiction in English, 1800-1930 Peter Mendes,1993 This work offers bibliographical descriptions of all printings of erotic fiction in English issued clandestinely during the period 1800-1930. By clandestine is meant books whose publishers and printers attempt to hide their identities usually by offering title pages whose misleading places and dates of publication may shock and amuse but which always aim to mystify. Using internal and external evidence an attempt is made to establish who were the printers, booksellers and publishers English and Continental involved in this trade. The printing families or groups into which a large percentage of the material falls are classified accompanied by illustrations which identify the main printing characteristics, house styles of the groups. Bibliographical descriptions follow a checklist of clandestine catalogues; these provide valuable evidence for dating, pricing and sales pitch and information on items of which no copies can now be traced. The work concludes with a series of appendices which provide significant external evidence and three indexes of themes, titles and names. Peter Mendes' original research builds on and significantly extends the essential pioneer work of the Victorian collector and bibliographer H. S. Ashbee. Pisanus Fraxi **Forbidden Books of the Victorians** Henry Spencer Ashbee, Peter Fryer, 1970 **Archives du bibliophile** ,1884
