## Example Dashboard Business Objects:

**Learning SAP BusinessObjects Dashboards** Taha M. Mahmoud, 2015-06-29 SAP BusinessObjects Dashboards is a leading Business Intelligence and reporting tool that provides you with a real time understanding of your business with agile visualizations. Starting with an introduction to Dashboards and its benefits the book slowly moves on to explain the dashboard creation process. After this you will learn how to add charts, single value components, maps, selectors and other third party plugins to the existing dashboards. Furthermore it shares many best practices and will also help you to connect your dashboard to real data by establishing a data connection to a data source. You can also explore more about mobile BI and learn how to create dashboards for mobile devices. By the end of the book you will be able to prepare, plan and design interactive dashboards based on your business requirements using this cutting edge BI tool.
