Hitler's Secret Backers Sydney Warburg, The book you are about to read is one of the most extraordinary historical documents of the 20th century Where did Hitler get the funds and the backing to achieve power in 1933 Germany Did these funds come only from prominent German bankers and industrialists or did funds also come from American bankers and industrialists American bankers supplied Adolf Hitler with millions of dollars to help build up his Nazi party Warburg was a joint owner of the New York bank Kuhn Loeb he describes three conversations he held with Hitler at the request of American financiers This book was originally published in Holland in 1933 shortly before Warburg's death *Hitler's Secret Backers* Sydney Warburg, 2015-02-03 The book you are about to read is one of the most extraordinary historical documents of the 20th century Where did Hitler get the funds and the backing to achieve power in 1933 Germany Did these funds come only from prominent German bankers and industrialists or did funds also come from American bankers and industrialists

Hitler's Secret Backers Sidney Warburg, 2018 *Hitler's Secret Backers* Sidney Warburg, 1983 *The Financial Sources of National Socialism* Sidney Warburg, J. G. Schoup, 1933 **American Journalists in Hitler's Germany** Norman Domeier, 2025 The first book to critically examine American journalists and media companies' roles in Hitler's Germany reigniting the debate on the relationship between political power and the media Despite Hitler's international use of propaganda and despite the power of the US press historians have neglected American journalists' activity in Nazi Germany American media companies expanded their presence in Germany after 1933 and the Associated Press AP conducted business with Hitler's regime throughout the war Norman Domeier's study now in English is the first to examine critically and in detail the roles of American journalists and media companies in Hitler's Germany showing that they knew about but kept secret the plans for rearmament the occupation of the Rhineland the annexation of Austria the invasions of Denmark Norway and the Soviet Union The book documents the companionship between Adolf Hitler and Karl Henry von Wiegand chief German correspondent of the Hearst press who was the first and last American to interview him Most important it details the secret exchange of news photographs discovered by Domeier in 2017 between the AP and the Nazis from 1942-45 Thousands of AP photos were used in the Nazi press usually with anti American or anti Semitic spin while the AP distributed ca 40 000 Nazi photographs to US newspapers Domeier's book reignites the debate on the relationship between political power and the media opening up new perspectives on the political and cultural history of journalism beyond one-sided idealizations *The Memory of All That* Katharine Weber, 2011-07-19 *The Memory of All That* is Katharine Weber's memoir of her extraordinary family Her maternal grandmother Kay Swift was known both for her own music she was the first woman to compose the score to a hit Broadway show *Fine and Dandy* and for her ten-year romance with George Gershwin Their love affair began during Swift's marriage to James Paul Warburg the multitalented banker and economist who advised and feuded with FDR Weber creates an intriguing and intimate group portrait of the renowned Warburg family from her great-great uncle the

eccentric art historian Aby Warburg whose madness inspired modern theories of iconography to her great grandfather Paul M Warburg the architect of the Federal Reserve System whose unheeded warnings about the stock market crash of 1929 made him the Cassandra of Wall Street Her mother Andrea Swift Warburg married Sidney Kaufman but their unlikely union Weber believes was a direct consequence of George Gershwin's looming presence in the Warburg family A notorious womanizer Weber's father was a peripatetic filmmaker who made propaganda and training films for the OSS during World War II before producing the first movie with smells the regrettable flop that was AromaRama He was as much an enigma to his daughter as he was to the FBI which had him under surveillance for more than forty years and even noted Katharine's birth in a memo to J Edgar Hoover Colorful evocative insightful and very funny The Memory of All That is an enthralling look at a tremendously influential and highly eccentric family as well as a consideration of how their stories with their myriad layers of truth and fiction have both provoked and influenced one of our most prodigiously gifted writers Adolf Hitler and the Nazi Epoch Paul Madden, 1998-11-05 Although bibliographies do exist that concern themselves with the Nazi period in Germany and the Third Reich no one has yet attempted a complete reference source With the publication of Adolf Hitler and the Nazi Epoch there is finally a complete comprehensive reference source designed to identify all English language works that relate to the Nazis and the Third Reich Included in this bibliography are monographs biographies pamphlets and journal articles as well as more general histories of the time period The material is subdivided by subject and organized into eighteen chapters making this large bibliography simple to use The chapter subjects contain a broad range of data Included are chapters on Adolf Hitler himself the origins of national socialism religion and the Nazis articles about education and academics in Germany law and government under the Third Reich the SS and concentration camps everyday life in Nazi Germany foreign policy and more The range of data collected in this one reference location is astounding and should provide a nearly inexhaustible starting point for those scholars and students interested in the history of one of the most controversial political parties and governments of the twentieth century **The Devil's Disciples** Anthony Read, 2003 The Nazi regime was essentially a religious cult relying on the hypnotic personality of one man Adolf Hitler and it was fated to die with him But while it lasted his closest lieutenants competed ferociously for power and position as his chosen successor This deadly contest accounted for many of the regime's worst excesses in which millions of people died and which brought Western civilisation to its knees THE DEVIL'S DISCIPLES is the first major book for a general readership to examine those lieutenants not only as individuals but also as a group It will focus on the three Nazi paladins closest to Hitler Goring Goebbels and Himmler with their nearest rivals Bormann Speer and Ribbentrop in close attendance Others who were removed in various ways like Gregor Strasser Ernst Rohm Heydrich and Hess will play supporting roles While there will of course be a fair amount of analysis THE DEVIL'S DISCIPLES will be a powerful chronological narrative showing how their personalities developed and how their jealousies and constant intrigues affected the regime the war and Hitler himself In doing so it will

 daughter Gudrun Burwitz and the use of previously unseen documents Allen presents the whole Nazi high command in a
 fresh light demonstrating how Hitler was often manipulated and sometimes sidelined But perhaps of equal interest is the
 inside story of secret operations conducted by the Political Warfare Executive empowered by Churchill to fight a war with
 weapons of destabilisation and misinformation in support of the oven military campaigns Allen portrays Himmler's ever more
 desperate efforts to secretly negotiate his political survival with the Allies as Hitler's war machine collapses This book has
