In Defence Of War

Hugo Grotius

In Defence Of War:

In Defence of War Nigel Biggar,2013-09-12 Against the domination of moral deliberation by rights talk In Defence of War asserts that belligerency can be morally justified even while it is tragic and morally flawed Recovering the early Christian tradition of just war thinking Nigel Biggar argues in favour of aggressive war in punishment of grave injustice

Tractatus de bello, de represaliis et duello Giovanni (da Legnano),Thomas Erskine Holland,1917 The Law of War and Peace Hugo Grotius,1925 **The Future of War in Its Technical, Economic, and Political Relations** Jan Bloch,1899 *Dictionary of the English and German, and the German and English Language* Joseph Leonhard Hilpert,1857

Aggressive War Cornelis Arnold Pompe,2012-12-06 Six years after the rendering of the Nuremberg Judgment world conditions are not such as to encourage a study on what constituted its principal innovation in the legal field the punishment of the authors of aggressive war The war alliance against the Axis Powers which was the political basis of the Nuremberg Trial and of the United Nation Organisation has broken up Mutual fear threats and accusations and a gigantic armament race are the dominating factors in international life during the cold war period and the minds of statesmen military men and lawyers alike are more preoccupied with the problem of how to win a possible third world war than with that of preventing its occurrence and avoiding responsibility for its outbreak While the survival of their freedom and civilization is at stake the nations seem more intent on preparing for what is vaguely and equivocally called self defence than on accepting and assuring the reign of law The strain of the protracted struggle in Korea moreover seems to turn the first experiment with military sanctions against an aggressor into a classic game of power politics It is not surprising that in such circumstances little energy is displayed in efforts to implement the principles to which the United Nations pledged themselves in Nuremberg and that many statesmen and lawyers seem prepared to abandon at least for the near future the precedent of the time of alliance expression of confidence in the victory of law over force **The Future of War** Jan Bloch,William Thomas Stead,1899 **A Short History of the Great War** Albert Frederick Pollard,1920 The State in Peace and War John Watson,1919

Statutory Rules and Orders Other Than Those of a Local, Personal Or Temporary Character Great Britain,1916 **War Powers of the Executive in the United States** Clarence Arthur Berdahl,Franklin Charles Palm,Frederick Charles Dietz,1920 *The Sword of Islam, Or Suffering Armenia* John Castell Hopkins,1896 **The Acts of the Parliament of the Commonwealth of Australia Passed in the Session of ...** Australia,1905

Terrorism and the US Drone Attacks in Pakistan Imdad Ullah,2021-03-29 This book analyses the US drone attacks against terrorists in Pakistan to assess whether the pre emptive use of combat drones to kill terrorists is ever legally justified Exploring the doctrinal discourse of pre emption vis vis the US drone attacks against terrorists in Pakistan the book shows that the debate surrounding this discourse encapsulates crucial tensions between the permission and limits of the right of self defence Drawing from the long history of God given and man made laws of war this book employs positivism as a legal frame to explore and explain the doctrine of pre

emption and analyses the doctrine of the state's rights to self defence as it stretches into pre-emptive or preventive use of force. The book investigates why the US chose the recourse to pre-emption through the use of combat drones in the war on terror and whether there is a potential future for the pre-emption of terrorism through combat drones. The author argues that the policy to kill first is easy to adopt, however any disregard for the web of legal requirements surrounding the policy has the potential to undercut the legal claims of an armed act. The book enables the framing and analysis of such controversies in legal terms as opposed to a choice between law and policy. An examination of the legal dilemma concerning drone warfare, this book will be of interest to academics in the fields of international relations, Asian politics, South Asian studies and security studies, in particular global security law, new wars and emerging technologies of warfare.
