**Point of View (POV) shot:** a shot taken from the position of a character's eyes. It shows the viewer what things look like from the character's position.

**Wide angle:** the use of a wide-angle lens to create a shot that captures a wide range of elements.

**Crosscutting:** editing that alternates shots of two or more lines of action occurring in different places. It is often used during dramatic sequences to increase tension.

---

---

### **III. Film**

5. What is George riding in the first sequence?

6. How is the movie a flashback?

7. What is gained by making the film a flashback as opposed to the way it is presented in the book?
