Idiots Guide To Precalculus:

The Complete Idiot's Guide to Precalculus W. Michael Kelley, 2005 Presents an introduction to understanding Calculus providing information on its origins a refresher on basic algebra a review of trigonometry logarithms matrix operations and other topics *The Complete Idiot's Guide to Calculus* W. Michael Kelley, 2006 Let's face it most students don't take calculus because they find it intellectually stimulating It's not at least for those who come up on the wrong side of the bell curve There they are minding their own business working toward some non science related degree when BLAM They get next semester's course schedule in the mail and first on the list is the mother of all loathed college courses CALCULUS Not to fear The Complete Idiot's Guide to Calculus Second Edition like its predecessor is a curriculum based companion book created with this audience in mind This new edition continues the tradition of taking the sting out of calculus by adding more explanatory graphs and illustrations and doubling the number of practice problems By the time readers are finished they will have a solid understanding maybe even a newfound appreciation for this useful form of math And with any luck they may even be able to make sense of their textbooks and teachers **The Complete Idiot's Guide to Algebra** W. Michael
