United Federation of Planets spoke those prophetic words to Commander Spock of the Terran Empire hoping to inspire change. He could not have imagined the impact his counsel would have. Armed with a secret weapon of terrifying power and a vision of the alternate universe's noble Federation, Spock seizes control of the Terran Empire and commits it to the greatest gamble in its history: democratic reform. Rivals within the empire try to stop him; enemies outside unite to destroy it. Only a few people suspect the shocking truth: Spock is knowingly arranging his empire's downfall. But why? Have the burdens of imperial rule driven him mad? Or is this the coldly logical scheme of a man who realizes that freedom must always be paid for in blood? Spock alone knows that the fall of the empire will be the catalyst for a political chain reaction, one that will alter the fate of his universe forever. p 4 of cover

This handbook was produced in the framework of the pilot project Intercultural and interfaith dialogue through education, part of the Council of Europe-European Commission joint programme 'Fostering a culture of human rights in South Caucasus and Ukraine 2006-2009'. The Council of Europe is strongly committed to the promotion of an cultural perspective in education and has played a major role not only in the development and promotion of a coherent theoretical reference framework in this field but also in the development of methodological guidelines and in the production of educational resources that can be used in teaching and training in both formal and non formal education. The content of this handbook is based on the proposals for educational activities that were developed by the teachers and trainers from Armenia, Azerbaijan, Georgia and Ukraine who took part in the project. The activities presented here cover a range of topics associated with intercultural education that correspond to some of the key elements and competences that the Council of Europe considers to be fundamental for intercultural education. The handbook should be seen as a tool for teachers of different subjects who want to integrate an intercultural dimension in their practice. It can also act as a useful resource for teacher trainers in this field.
