pivotal lines and turning points serving as touchstones for the collection's central themes **Heretics** Gilbert Keith Chesterton, 2000 This Nelson Royal Classic includes two famous classical works by G. K. Chesterton *Heretics* and *Orthodoxy*. In response to the wrong doctrinal teaching of many of his contemporaries G. K. Chesterton takes readers back to the fundamentals in *Heretics*. In the compelling work *Orthodoxy* Chesterton provides a look at what some have described as his own spiritual autobiography. Of these two books they describe some of a Christian's core beliefs and capture the essence of the Christian experience. They remain an essential part of every Christian's library and continue to challenge the way we conceive our faith and our world *Chesterton Apologetics Set - Heretics, Orthodoxy, and the Everlasting Man* G. K. Chesterton, 2020-08-25 Complete set of three Chesterton Apologetics by G. K. Chesterton in one volume including *Heretics*, *Orthodoxy*, and *The Everlasting Man* *Heretics* Gilbert Keith Chesterton, 1905 **Algernon Swinburne and Walter Pater** Sarah Glendon Lyons, 2017-07-05 How did literary aestheticism emerge in Victorian Britain with its competing models of religious doubt and visions of secularisation? For Lyons the aestheticism developed and progressively revised by Algernon Charles Swinburne 1837-1909 and Walter Pater 1839-1894 illuminates the contradictory impulses of modern secularism: on the one hand a desire to cast itself as a form of neutrality or disinterestedness; on the other a desire to affirm this world as the place of human flourishing or even enchantment. The standard narrative of a crisis of faith does not do justice to the fissured, uncertain quality of Victorian visions of secularisation. Precisely because it had the status of a confusing hypothesis rather than a self-evident reality, it provoked not only dread and melancholia but also forms of fantasy. Within this context Lyons gives a fundamentally new account of the aims and nature of Victorian aestheticism, taking as a focus its deceptively simple claim that art is for art's sake first of all **The Early Christian World** Philip Francis Esler, 2000 *The Early Christian World* volumes 1 and 2 presents an exhaustive, erudite and illustrated treatment of how the small movement which formed around Jesus in Galilee became the pre-eminent religion of the ancient world **Heretics and Orthodoxy (Annotated)** G. K. Chesterton, 2018-11-22 G. K. Chesterton's classic apologetics *Heretics* and *Orthodoxy* combined as intended in one volume. Includes a Preface and Introduction to Chesterton and his works by author Stephen Reuel. G. K. Chesterton 1874-1936 was an English writer of every sort in which his wit could flourish and his style could shine, and whose goodness in his adventuring for truth is so lacking in the common rancour of today. In this companionship of illuminating essays Chesterton first potently refutes the philosophies of his own era which have since festered into the philosophies of ours; then by a repeated and surprising coincidence explains how he came to believe the Christian Faith **God's Word and Our Words** W. Hulitt Gloer, Shawn E. Boyd, 2019-09-18 Written by nationally and internationally known homiletics and preachers, this book offers a fascinating survey of the significant developments in preaching beginning with the Old Testament, moving through the history of preaching and concluding with a look into the future, all while offering practical suggestions for meeting the challenges that lie ahead. In a unique way it addresses both the academic issues raised during

each period and the practical implications for preaching today and in the future
