Herbert West H. P. Lovecraft, 2018-07-29 Herbert West Reanimator by Howard Phillips Lovecraft Herbert West Reanimator By Howard Phillips Lovecraft FNH Audio presents an unabridged reading of H P Lovecraft s classic Herbert West Reanimator Herbert West is a genius and he s secretly working on a life restoring formula It s his dream to restore life to the dead but this means years of research and a desperate need for fresh corpses Bodies are missing from Arkham cemetery The crazed animal like cannibal in Arkham Asylum knows his name West swears he knows nothing about the missing child Yet West does need fresh bodies for his reanimation experiments We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience Herbert West Howard Phillips Lovecraft, 2020-11-10 The first horrible incident of our acquaintance was the greatest shock I ever experienced and it is only with reluctance that I repeat it As I have said it happened when we were in the medical school¹ where West had already made himself notorious through his wild theories on the nature of death and the possibility of overcoming it artificially His views which were widely ridiculed by the faculty and by his fellow students hinged on the essentially mechanistic nature of life and concerned means for operating the organic machinery of mankind by calculated chemical action after the failure of natural processes In his experiments with various animating solutions he had killed and treated immense numbers of rabbits guinea pigs cats dogs and monkeys till he had become the prime nuisance of the college Several times he had actually obtained signs of life in animals supposedly dead in many cases violent signs⁵ but he soon saw that the perfection of his process if indeed possible would necessarily involve a lifetime of research It likewise became clear that since the same solution never worked alike on different organic species he would require human subjects for further and more specialised

P. Lovecraft,2016-01-02 Of Herbert West who was my friend in college and in after life I can speak only with extreme terror This terror is not due altogether to the sinister manner of his recent disappearance but was engendered by the whole nature of his life work and first gained its acute form more than seventeen years ago when we were in the third year of our course at the Miskatonic University Medical School in Arkham While he was with me the wonder and diabolism of his experiments fascinated me utterly and I was his closest companion Now that he is gone and the spell is broken the actual fear is greater Memories and possibilities are ever more hideous than realities *Herbert West* H.
