*Think Bigger* Michael W. Sonnenfeldt, 2017-08-18 What does it take to succeed today both personally and professionally In looking for answers one obvious place to start would be to talk to self made men and women who themselves are successful That s exactly what Michael W Sonnenfeldt an accomplished entrepreneur has done here in this ground breaking book Drawing on the wisdom insight and experience of members of TIGER 21 The Investment Group for Enhanced Results in the 21st Century and supplementing that with additional research and interviews Sonnenfeldt offers real world guidance and often counter intuitive advice and conclusions Among the things you ll learn are Why grit and focus trump intelligence just about every time Why having and listening to a wise mentor will create shortcuts to getting more done What you need to do to avoid getting in your own way And why Shirtsleeves to shirtsleeves in three generations can be avoided by taking some simple commonsense steps Think BIGGER will inspire you no matter where you are in your business career It will also show you that the skills you use to grow wealth can be applied to making the world a better place Your success can benefit others Michael W Sonnenfeldt is the founder and chairman of TIGER 21 the premier peer to peer learning network for high net worth first generation wealth creators in North America and London He is an accomplished serial entrepreneur philanthropist and most excited that all of his proceeds from this book will support the TIGER 21 Foundation for young entrepreneurs

**Maximum Performance** Nick Forster, 2005-01-01 This is a big book in more ways than one a detailed and illuminating exploration of leadership qualities attributes skills and competencies the mixture of theory reflective questions stories tools

and practical exercises demand a level of thoughtful engagement and self reflection rarely required by books on leadership the Australian content is refreshing as is the lack of evangelistic promises of immediate transformation this book is firmly grounded in supporting the learning and skill development needed for maximum performance Boss magazine August p 55 The Australian Financial Review AFR Boss If we were giving a graduate level class in leadership and people management skills I m a UCLA Business and Management Program instructor I would choose this book as the text If a client asked for a great book to enhance his her leadership skills we consult in organization compensation and performance management this would be one of first books I would suggest It s that good The book offers a comprehensive guide for developing leadership and people management skills It s a powerful broad spectrum leadership toolkit with a wealth of information about skills and practices and hundreds of suggestions and opinions from business and political leaders consultants and academics This book is an outstanding resource for leaders and aspiring leaders It is filled with an abundance of insights the distinction it makes between a leader and a manager is one of the best if not the best we ve read Just a few of the subjects covered are the leadership as servant philosophy leaders as coaches and mentors communication motivation leading and managing teams women as leaders managing power politics and conflict leading organizational and cultural change creating an innovative organization leadership and people management in high tech networked and virtual organizations Throughout the book are bullet point lists exercises and to the point conclusions It is clearly written and superbly organized An excellent bibliography and subject index top off this outstanding work We highly recommend this book Yvette Borcia and Gerry Stern Stern s Management Review Maximum Performance is a comprehensive business tome Although it is designed for students busy executives who use the chapter summaries or chapter sections to focus on topics that interest them will find the book useful Organizations with large collections on management or leadership will want to buy it Business researchers with limited library space or who are looking for a good summary of current management topics may also find the book of value The strength of Maximum Performance is its breadth Forster touches on everything from whether leaders are born or made to Machiavellian strategies for dealing with toxic work environments Anyone interested in ideas on leadership will likely find several sections of interest Those sections that are particularly strong include the discussions on the different roles and organizational context of leadership key issues in motivating employees the team development process and best practices in leading organizational change Scott R Jenkins Business Information Alert Nick Forster s large text is for MBA students He writes in a clean clear style and frankly admits that leadership and people management skills cannot adequately be learned from books He knows however that good books can help and also that clich s of management can be inspirational and will be used widely though they call for close analysis of substance or context He is in this a modern day Samuel Smiles equipped with a variety of diagnostic tools The Australian In my experience a major shortcoming of most how to books on leadership and management is that they purport to offer Silver Bullets magical solutions that once revealed will enrich and transform
