Hitchhiker M. J. Simpson,2003 Don't panic Pack your towel pour yourself a pangalactic gargle blaster and take off on a wild no holds barred tour of the life and career of Douglas Adams creator of the phenomenally successful Hitchhiker's Guide to the Galaxy Life on Air David Hendy,2007 Radio Four has been described as the greatest broadcasting channel in the world the heartbeat of the BBC a cultural icon of Britishness and the voice of Middle England Defined by its rich mix encompassing everything from journalism and drama to comedy quizzes and short stories Many of its programs such as Today The Archers Woman's Hour The Hitchhiker's Guide To the Galaxy Gardeners Question Time and The Shipping

Forecast have been part of British life for decades Others less successful have caused offence and prompted derision Born as it was in the Swinging Sixties Radio Four's central challenge has been to change with the times while trying not to lose faith with those who see it as a standard bearer for quality authoritativeness or simply old fashioned BBC values In this first major behind the scenes account of the station's history David Hendy a former producer for Radio Four draws on privileged access to the BBC's own archives and new interviews with key personnel to illuminate the arguments and controversies behind the creation of some of its most popular programmes He reveals the station's struggle to justify itself in a television age favouring clear branding and tightly targeted audiences with bitter disputes between the BBC and its fiercely loyal listeners The story of these struggles is about more than the survival of one radio network Radio Four has been a lightning rod for all sorts of wider social anxieties over the past forty years A kaleidoscopic view of the changing nature of the BBC this book provides a gripping insight into the very nature of British life and culture in the last decades of the twentieth century

AB Bookman's Weekly ,1994 Digging Holes in Popular Culture Miles Russell,2002 What would Howard Carter have thought of Lara Croft and why do archaeologists feature so prominently in Star Trek Douglas Adams author of Hitchhiker's Guide to the Galaxy writes the preface to this unusual collection of papers dedicated to exploring the role of the archaeologist in popular culture The clichés and stereotypes of archaeology that abound in popular culture the sense of mystery and adventure the excitement generated by a dangerous treasure hunt or a thrilling detective story rarely hint at the monotonous hours spent by modern archaeologists researching in laboratories and libraries and filling out paperwork Yet the

role models provided by fictional characters such as Dr Who Indiana Jones Captain Jean Luc Picard and Lara Croft have had a powerful influence on how archaeologists and the practices of archaeology are viewed by the general public At times hilarious these papers nevertheless address serious cultural issues relevant to archaeology today colonialism the indigenous voice gender roles objectivity and ownership of the past **Annual Register of Book Values** Annual register of book values.
