[Teaching Chemistry in Higher Education](#) Michael Seery, Claire Mc Donnell, 2019-07-01. Teaching Chemistry in Higher Education celebrates the contributions of Professor Tina Overton to the scholarship and practice of teaching and learning in chemistry education. Leading educators in United Kingdom, Ireland and Australia, three countries where Tina has had enormous impact and influence, have contributed chapters on innovative approaches that are well-established in their own practice. Each chapter introduces the key education literature underpinning the approach being described. Rationales are discussed in the context of attributes and learning outcomes desirable in modern chemistry curricula. True to Tina's personal philosophy, chapters offer pragmatic and useful guidance on the implementation of innovative teaching approaches, drawing from the authors' experience of their own practice and evaluations of their implementation. Each chapter also offers key guidance points for implementation in readers' own settings, so as to maximise their adaptability. Chapters are supplemented with further reading and supplementary materials on the book's website: [overtonfestschrift.wordpress.com](http://overtonfestschrift.wordpress.com). Chapter topics include innovative approaches in facilitating group work, problem solving,
