get more members on the path to discipleship and service and connection to the local body of Christ through participatory membership The responses identified ways that the church can reach more people increase engagement and move people along to serving well as fully assimilated members In a supported effort to assimilate church members well this book will showcase a streamlined process of walking new members through the process of assimilation by helping them to connect with other believers with church leadership and with areas of service where they may employ their spiritual gifts This book may serve as a guided resource for pastors church staff members and leaders in the church as they help new members to find points of connection within the church Moody's Manual of Investments: American and Foreign ,1953 **Journal of the Association of Official Analytical Chemists** Association of Official Analytical Chemists,1987 *Thomas Register of American Manufacturers* ,2003 Vols for 1970 71 includes manufacturers catalogs *Paperbound Books in Print* ,1982
