## **Jump Math Answer Key:**

*Jump at Home Grade 5* John Mighton, 2010-06-01 John Mighton's JUMP program is changing the way math is taught and his powerful math workbooks give children the tools they need to master this crucial subject. The key is a step by step teaching method that isolates and describes concepts so clearly that anyone can understand them. Students build on their successes becoming proficient at solving problems with confidence and enthusiasm. Now parents and caregivers can bring the JUMP program home. These workbooks follow the current student worksheets used by JUMP tutors and classroom teachers including an introduction for parents and caregivers that clearly explains the thinking behind the program and provides hours of activities. Worksheets carefully designed to enable children to move from one success to the next. A glossary of math terms and a selected answer key.

**The Myth of Ability** John Mighton, 2003 A student in a remedial class who couldn't count by twos is now in an academic program a year ahead of her grade level. In *The Myth of Ability* John Mighton tells JUMP's fascinating story and explains its teaching method with lots of simple examples.
