web jan 20 2023 to write a physics lab report start by putting together a cover sheet with your name and the title and date of the experiment then include an abstract or summary of your report followed by your objective procedures and methods *sample physics lab report kinematics pdf scribd* - Aug 05 2022

web kinematics is a branch of mechanics that ignores any forces acting on a moving object while analyzing its motion galileo found that the acceleration of an isolated object freely moving down a slope was constant this acceleration is called acceleration due to gravity and was found to have a value of 9.81 m/s^2 on the earth surface
