3 Communication

## Skills: Dealing with communication breakdown

In this section, the Ss discuss the kind of communication problems that can occur on the phone, and listen to two different versions of the same conversation.

**①** Get three Ss, in pairs, to brainstorm possible expressions for each situation, then to report to and discuss with the whole group. Draw their attention to the "Useful language" box at the bottom of the page, which has expressions for all 7 situations.

**②** 1.4 Play the recording once and get the Ss to identify the problems the speakers have.

The speakers have problems 1, 2, 3, 5 and 6.

**③** 1.5 Play the recording once or twice and get the Ss, in pairs, to make notes on why this second conversation is better.

Get feedback from the whole class.

Kolchki interrupts Bernard and tells him to wait while he gets a pen so he can write down what he needs. He controls the speed of the communication better. Kolchki tells Bernard when he hasn't heard what he said and gets him to repeat it.

Kolchki asks Bernard for more details about the materials he needs and then checks that he has got the information correct.

Kolchki asks Bernard to spell the name of the new customer they mentioned.

Kolchki asks Bernard to repeat the number of lessons ordered. Bernard clarifies it and so this time Kolchki has the correct number — 18 not 80.

When Kolchki doesn't understand the word "roll-out", he gets Bernard to explain it.

When Kolchki can't hear Bernard because the connection is

Read out each of the extracts in turn and ask the Ss to match them with the points in Exercise A.

Extract 1	2	Extract 2	2
Extract 3	7	Extract 4	4
Extract 5	1	Extract 6	3
Extract 7	1, 6	Extract 8	1, 6

In this exercise, the Ss look at useful language for dealing with breakdowns in communication, and apply this language in a role play.

Go through the expressions and practise intonation, getting individual Ss to read the expressions. Get them to complete the three unfinished expressions with possible endings, e.g., "What do you mean by 'roll-out'?"

Get the Ss to role play the situation in simultaneous pairs, sitting back-to-back, using expressions from the Useful language box. Circulate and monitor. When the students have finished, praise strong points and mention one or two things that Ss should pay particular attention to. Then get "possible" performances from one or two individual pairs in front of the whole group.

There are more situations like this to role play in the Resource bank, on page 206 of this book.
