

A white dove is shown in flight, its wings spread wide, flying from the bottom left towards the top right. The background is a sky filled with soft, white clouds. The top portion of the image is dark, suggesting a horizon or a distant shore. The overall mood is peaceful and hopeful.

Literature Without Borders:

Literature Without Borders George R. Bozzini, Cynthia A. Leenerts, 2001 Designed to encourage readers to read and think critically compassionately and globally this comprehensive collection of contemporary writing in English spotlights English as an international literary language The broad range of genres from some of the world's finest writers cross diverse gender generational and ethnic lines Breadth and quality of essays memoirs poems and stories cover such enduring themes as heritage family community identity and autonomy love and commitment post colonization the immigrant experience and alienation For individuals interested in expanding the borders of their reading to include a showcase of English language literature Caribbean Without Borders Raquel Puig, Dorsía Smith, 2008-12-18 Caribbean Studies is an emerging field As such many topics within this discipline have yet to be explored and developed This collection of essays is one of the forerunners dedicated to a comprehensive study of the literature language and culture of the Caribbean By exploring the works of such prominent literary scholars as Samuel Selvon and Lorna Goodison as well as the myriad of issues pertaining to the Caribbean experience this volume provides an engaging overview of literary language and cultural analysis Because of this wide range of essays this text meets a need to examine the Caribbean in its complexity which is rarely addressed

Caribbean Without Borders Gabriel J. Jiménez Fuentes, Gabriel Mejía González, Marisol Joseph Haynes, 2015-09-04 One of the most salient issues in Caribbean studies is the region's linguistic and cultural fragmentation as a result of European colonization More than five centuries later the islands and American countries whose shores touch the Caribbean Sea still echo such maladies The title of this book is a call towards unity a unity that in the words of Barbadian poet historian and critic Kamau Brathwaite is submarine In the past nations borders were established based on the distance a cannon ball was able to cover when fired from land out to sea It is time to go beyond the cannon ball distances out into uncharted territories beyond the canon and thus beyond the cannon's range This book features a selection of essays presented at the fifth annual Caribbean Without Borders conference at the University of Puerto Rico Río Piedras It critically delves into the fields of linguistics history literature philosophy politics feminism cultural studies music film and art among many others as a means to re visit re view re envision re read re interpret and thus re create a Caribbean aesthetics that looks to submarine unity a unity that defies spatial temporal and social borders The book conveys the limitless nature of the Caribbean and its rich culture making it an appealing transdisciplinary source for a multidisciplinary academic audience

Writing-between-Worlds Ottmar Ette, 2016-02-22 This book proposes that there is no better no more complex way to access a community a society an era and its cultures than through literature For millennia literature from a wide variety of geocultural areas has gathered knowledge about life about survival and about living together without either falling into discursive or disciplinary specializations or functioning as a regulatory mechanism for cultural knowledge Literature is able to offer its readers knowledge through direct participation in the form of step by step intellectual and affective experiences

Through this ability it can reach and affect audiences across great spatial and temporal distances Literature what different times and cultures have been able to understand as such in a broad sense has always been characterized by its transareal and transcultural origins and effects It is the product of many logics and it teaches us to think polylogically rather than monologically Literature is an experiment in living and living in a state of experimentation About the author Ottmar Ette has been Chair of Romance Literature at the University of Potsdam Germany since 1995 He is Honorary Member of the Modern Language Association of America MLA elected in 2014 member of the Berlin Brandenburg Academy of Sciences and Humanities elected in 2013 and regular member of the Academia Europaea since 2010 **Books Without Borders,**

Books Without Borders, Volume 2 Robert Fraser, Mary Hammond, 2008-07-10 This volume concentrates on one of the world s oldest and most buoyant book cultures South Asia It examines the transition from manuscript to hand press orality and performance scripts and nationalism libraries and copyright and the recent international vogue for Europhone writers from the region The Postcolonial Indian Novel in English Geetha Ganapathy-Doré, 2011-01-18 Indian writers of English such as G V Desani Salman Rushdie Amit Chaudhuri Amitav Ghosh Vikram Seth Allan Sealy Shashi Tharoor Arundhati Roy Vikram Chandra and Jhumpa Lahiri have taken the potentialities of the novel form to new heights Against the background of the genre s macro history this study attempts to explain the stunning vitality colourful diversity and the outstanding but

sometimes controversial success of postcolonial Indian novels in the light of ongoing debates in postcolonial studies It analyses the warp and woof of the novelistic text through a cross sectional scrutiny of the issues of democracy the poetics of space the times of empire nation and globalization self writing in the auto meta docu fictional modes the musical pictorial cinematic and culinary intertextualities that run through this hyperpalimpsestic practice and the politics of gender caste and language that gives it an inimitable stamp This concise and readable survey gives us intimations of a truly world literature as imagined by Francophone writers because the postcolonial Indian novel is a concrete illustration of how language liberated from its exclusive pact with the nation can enter into a dialogue with a vast polyphonic ensemble **Healthcare Writing**

[The Bibliographer's Manual of English Literature](#) William Thomas Lowndes,1890 [Alternative Orientalisms in Latin America and Beyond](#) Ignacio López-Calvo,2007 Orientalism is widely known as the study of Eastern cultures by Western intellectuals Yet most people would associate this term with scholars from France England Germany and the United States This book presents along with new essays dealing

with the United States the Islamic world and the Far East alternative views on Orientalism this time also coming from Latin America and other regions While still dealing in some cases with interpretations of the East by Western outsiders the fact that the cultural production analyzed as well as many of the critics comes from an area Latin America that has also been affected by European and U S imperialism and colonialism brings new light to the traditionally negative connotations ascribed to the term These essays reveal that though prejudice and racism are still prevalent in many Orientalist aesthetic practices coming from Latin America and other world regions the perspective can also be radically different From this perspective rather than constructing the Orient as the West TM s alien and inferior other the mirror image that appears in this book constitutes an attempt at understanding the Asian within us within the Western world The postcolonial approach of many of these essays is the theoretical framework that prevents or at least tries to prevent paternalistic or hegemonic representations of the Asian subject As a result the emphasis is often placed on transculturation hybridity liminality double consciousness and cultural identity The Bibliographer's Manual of English Literature Lowndes,1871
