Mormon Mission Prep James Smith, 2011-05-01 Many questions race through the minds of future missionaries, their parents, and leaders. How much will a mission cost? When do you start your paperwork? What clothing do you bring with you? What if you have questions about worthiness? Mormon Mission Prep takes a unique look at missionary preparation by focusing on the practical as well as the spiritual side of preparing to serve the Lord. The book provides details on the application forms and estimated timelines of when to start and how long steps should take. Knowing the mission call process can relieve stress and help prevent unnecessary delays in getting the mission call. Becoming an effective missionary also means knowing and using the scriptures, maintaining your worthiness, understanding the gospel, and developing a testimony. Author Jimmy Smith addresses all those issues and more in this book that is full of tips on preparing both spiritually and physically for an LDS mission.

The Oxford Handbook of Religious Conversion Lewis R. Rambo, Charles E. Farhadian, 2014-03-06 The Oxford Handbook of Religious Conversion offers a comprehensive exploration of the dynamics of religious conversion which for centuries has profoundly shaped societies, cultures, and individuals throughout the world. Scholars from a wide array of religions and disciplines interpret both the varieties of conversion experiences and the processes that inform this personal and communal phenomenon. This volume examines the experiences of individuals and

communities who change religions those who experience an intensification of their religion of origin and those who encounter new religions through colonial intrusion missionary work and charismatic and revitalization movements The thirty two innovative essays provide overviews of the history of particular religions including Hinduism Buddhism Confucianism Taoism Sikhism Islam Christianity Judaism indigenous religions and new religious movements The essays also offer a wide range of disciplinary perspectives psychological sociological anthropological legal political feminist and geographical on methods and theories deployed in understanding conversion and insight into various forms of deconversion *The Palgrave Handbook of Global Mormonism* R. Gordon Shepherd,A. Gary Shepherd,Ryan T. Cragun,2020-11-12 This handbook explores contemporary Mormonism within a global context The authors provide a nuanced picture of a historically American religion in the throes of the same kinds of global change that virtually every conservative faith tradition faces today They explain where and how the Church of Jesus Christ of Latter day Saints has penetrated national and cultural boundaries in Latin America Oceania Europe Asia and Africa as well as in North America beyond the borders of Mormon Utah They also address numerous concerns within a multinational multicultural church What does it mean to be a Latter day Saint in different world regions What is the faith s appeal to converts in these places What are the peculiar problems for members who must manage Mormon identities in conjunction with their different national cultural and ethnic identities How are leaders dealing with such issues as the status of women in a patriarchal church the treatment of LGBTQ members increasing disaffiliation of young people and decreasing growth rates in North and Latin America while sustaining increasing growth in parts of Asia and Africa

"Guess who Wants to Have You for Lunch" Alan Denison,D. L. Barksdale,1999 *Scripture Twisting* James W. Sire,2009-09-20 How often have you encountered some bizarre doctrine only to be stunned to hear a Bible verse quoted to support it With new religious cults springing up almost daily and old ones growing rapidly this is more and more common How are they seemingly able to twist Scripture to mean something orthodox Christians have never believed it to mean in two thousand years James Sire author of *The Universe Next Door* and *How to Read Slowly* has isolated twenty separate kinds of reading errors which are characteristically made by cultists as they interpret the Bible He covers the full range from simple misquotation to complex argumentation which links one slightly eccentric interpretation to another mixes in a few orthodox readings and ends with a conclusion totally foreign to the biblical world view Sire also handles twisted translation overspecification virtue by association ignoring the context and other flawed interpretations A book to help us all become better readers of the Scriptures **Mormonism-shadow Or Reality?** Jerald Tanner,Sandra Tanner,1987

Sister Saints Colleen McDannell,2018-10-02 The specter of polygamy haunts Mormonism More than a century after the practice was banned it casts a long shadow that obscures people s perceptions of the lives of today s Latter day Saint women Many still see them as second class citizens oppressed by the church and their husbands and forced to stay home and take care of their many children Sister Saints offers a history of modern Mormon women that takes aim at these stereotypes

showing that their stories are much more complex than previously thought Women in the Utah territory received the right to vote in 1870 fifty years before the nineteenth amendment only to have it taken away by the same federal legislation that forced the end of polygamy Progressive and politically active Mormon women had a profound impact on public life in the first few decades of the twentieth century They then turned inward creating a domestic ideal that shaped Mormon culture for generations The women's movement of the 1970s sparked a new vigorous and hotly contested Mormon feminism that divided Latter day Saint women By the twenty first century more than half of all Mormons lived outside the United States and what had once been a small community of pioneer women had grown into a diverse global sisterhood Colleen McDannell argues that we are on the verge of an era in which women are likely to play a greater role in the Mormon church Well educated outspoken and deeply committed to their faith these women are defying labels like liberal and conservative traditional and modern This deeply researched and eye opening book ranges over more than a century of history to tell the stories of extraordinary and ordinary Latter day Saint women with empathy and narrative flair *Liahona* ,1915 [Research Handbook of Global Families](#) Yvonne Kallane,Joanne Mutter,Heidi Collins,2023-10-06 With research into the lives of global families becoming an increasing focus worldwide this Research Handbook is a timely compendium of contemporary scholarship It aptly describes the work family interface delving into the unique dimensions of global family life
