The economy was stagnant and had to turn around to adapt to the new situation. Along with that the object most affected is the employees those who work for the bosses. A lot of people have been unemployed and laid off And must live on government subsidies. However we all know that this situation cannot last forever. Many people have gone to find new jobs even doing jobs completely different from their previous jobs. This is a big obstacle directly affecting the income of workers. When you are not proficient the boss will not be able to pay you a high salary. However also thanks to the development of online education We have the opportunity to learn special knowledge helping us to increase our income immediately from the most successful people around the world I am talking about online educational websites for example <https://www.udemy.com>. When the pandemic happened my work also faced many difficulties. My source of income salary was also severely affected up to an 80% reduction in income. But really the Covid 19 pandemic has turned everything upside down. Through many years of experience in my life I understand that the previous understanding will no longer be relevant to the new situation. And I need to learn new skills. This skill must help me make money immediately. And I had to find the best person who was making a lot of money on that skill. I don't know where to look because right outside my door is a society that is being isolated isolated at home. As a habit I go to Google and search for courses and skills that I think will help me make money right away. And then slowly step by step God led me through each keyword keywords I discovered Udemy <https://www.udemy.com> Where I can learn a lot of
