

Why Invest in Index Funds?

Investing in index funds might not seem all that exciting, but that's the point. It gives you broad exposure to a market/asset that will help ensure your wealth grows over time.

Key point: Investing in index funds gives you the benefits of investment returns of the stock or other market without taking on the individual company risk and having to pay trading commissions related to individual stocks.

Index Funds Mark T. Hebner, 2007

The financial services industry has a dark secret one that costs global investors about 2.5 trillion per year This secret quietly drains the investment portfolios and retirement accounts of almost every investor In 1900 French mathematician Louis Bachelier unsuspectingly revealed this disturbing fact to the world Since then hundreds of academic studies have supported Bachelier s findings This book offers overwhelming proof of this and shows investors how to obtain their optimal rate of return by matching their risk capacity to an appropriate risk exposure A globally diversified portfolio of index funds is the optimal way to accomplish this Index Funds is the treatment of choice for wayward investors Below market returns in investment portfolios and pension accounts are the result of investors gambling with their hard earned money This 12 Step Program will put active investors on the road to recovery Each step is designed to bring investors closer to embracing a prudent and sound strategy of buying holding and rebalancing an index portfolio
