Delta Wave James A. Grosse,2019-08-14 John Blackmen is the main character who created the genetic code for the Delta Wave frequency in a person's mind. He built a proto-type device that would influence control a person's mind for 24 hours. The U.S. Government planned to obtain the technology no matter what the cost. John Blackmen and his wife died in a suspicious car wreck. Embree, his daughter, inherits the estate. She discovers her father was a genius, extremely wealthy, and was under investigation by the U.S. Government. She read his research note the Dark Matter Reactor. It is the power source, similar to but opposite of Nuclear Power. A black ball of energy was trapped inside a platinum webbed sphere. This was in the center of a Highly Compressed Diamond Prism with reinforced titanium braces. Parallel at the top and bottom axis are high speed rotary spindle with supports connected to the main Astronomical Gravitational Force Gyroscope. Three stationary magnetic arches were positioned to create 3 phase electric motor. Sensitizers control the manipulation of the particles of light. Threw the diamonds of the Dark Matter, establish the invisible void of atoms genetically coded into a new elemental lattice structure amplified into 3 dimensional state of reconstruction. She placed the notebook in her pocket. Her eyes drifted to the Delta Wave proto type sitting on the desk. Her mind began to formulate a plan.
