**Reading Well Grades 2-3 (ENHANCED eBook)** Cindy Barden,2002-09-01 Milliken's Reading Well series provides teachers and parents with a wide variety of activities to use at home or in the classroom to enhance your reading program. Reading materials and styles of writing include realistic fiction, biography, poetry, fantasy, informational articles, myths, legends, tall tales and plays or skits. The comprehension activities have been selected to provide opportunities for students to practice a variety of reading skills. A list of comprehension skills for all grade levels is included on the Reading Comprehension Chart on page 1. A variety of assessment rubrics helps you track progress in achieving those skills. Each book in the series is sequential, allowing students to build on skills previously learned. The various levels available allows you to select the one most appropriate for an individual student or class.

**Dictionary Skills 4-6 (ENHANCED eBook)** Sylvia J. Duncan,1989-09-01 This book reveals the dictionary to be an exciting tool. The book may be used with any dictionary but students will profit from having a variety of dictionaries available. The worksheets emphasize interpreting the keys to dictionary entries. Students will learn new words and understand parts of speech more clearly as they progress through the worksheets. The exercises present a methodical way to practice using the dictionary until each entry and its explanation is clearly understood by the student.

Concepts will be reinforced with only minimal assistance.

**Map Skills Asia (ENHANCED eBook)** R. Scott House,Patti M. House,2010-09-01 Explore the varied features of the Asian continent while reinforcing basic map reading skills. Sixteen student pages and accompanying blackline and full color maps coordinate to provide a relational study of the elevation, vegetation, products, population, and peoples of Asia. Full color maps are provided as transparencies for print books and PowerPoint slides for eBooks. Student pages challenge students to combine maps and additional resources in order to answer questions and make judgments. Question topics follow the Five Themes of Geography as outlined by the National Geographic Society: finding absolute and relative locations on a map, relating physical and human characteristics to an area, understanding human relationships to the environment, tracing movement of peoples and goods throughout an area, and organizing countries and continents into regions for detailed study.

**Map Skills - Latin America** R. Scott House,Patti M. House,2010-09-01 Color Overheads Included Explore the varied features of the Latin American nations while reinforcing basic map reading skills. Sixteen student pages and accompanying blackline and full color maps coordinate to provide a relational study of the elevation, vegetation, products, population, and peoples of Latin America. Student pages challenge students to combine maps and additional resources in order to answer questions and make judgments. Question topics follow the Five Themes of Geography as outlined by the National Geographic Society: finding absolute and relative locations on a map, relating physical and human characteristics to an area, understanding human relationships to the environment, tracing movement of peoples and goods throughout an area, and organizing countries and continents into regions for detailed study.
