## **Mikhail Bakhtin Routledge Critical Thinkers:**

Mikhail Bakhtin Alastair Renfrew, 2014-11-13 Mikhail Bakhtin was one of the twentieth century's most influential literary theorists. This accessible introduction to his thought begins with the questions 'Why Bakhtin?' and 'Who was Bakhtin?' before dealing in detail with his ideas on authorship and subjecthood, language, dialogism, heteroglossia, and the novel, the chronotope, and the carnivalesque. True to their dialogic spirit, these ideas are presented not as a fixed body of knowledge but rather as living and evolving entities, as ways of approaching not only the most persistent questions of language and literature but also issues that are relevant across the full range of Humanities disciplines. Bakhtin emerges in the process as a key thinker for the Humanities in the twenty-first century. *Consumption and Wealth in Luke's Travel Narrative* James A. Metzger, 2007 While several recent studies have suggested that the Gospel of Luke recommends generous almsgiving or a relatively benign sharing ethic that mimics existing redistributive measures in early Roman Palestine, this book argues that a much more subversive reading of the Gospel's wealth and possessions traditions is defensible. **Learning With Leonardo:**

**Unfinished Perfection: Making children cleverer: what does Da Vinci tell us?** Ian Warwick, Ray Speakman, 2019-03-11 What are the seven key concepts that drove Da Vinci's inventive thinking and how can we still use them to improve our own creativity 500 years after his death? In pursuit of the unified learning principles that sit at the heart of his work, Ian Warwick and Ray Speakman brilliantly explore the approaches that we need to take to make our own learning more original and thoughtful. **Chuck Palahniuk and the Comic Grotesque** David McCracken, 2020-10-30 With the success of *Fight Club*, his novel-turned-movie, Chuck Palahniuk has become noticed for accurately capturing the exploitation of power in America in the 21st century. With cynicism and skepticism, he satirizes the manipulative aspects of ideologies and beliefs, pushing society's understanding of the norm. In this work, Palahniuk's characters are analyzed as people who rebel against the systems in control. Mikhail Bakhtin's theory is applied to explain Palahniuk's application of the comic grotesque theories from Louis

Althusser and Slavoj Žižek help reveal aspects of ideology in Palahniuk's writing. *Reading Paul Howard* Eugene O'Brien, 2023-12-22 *Reading Paul Howard: The Art of Ross O'Carroll Kelly* offers a thorough examination of narrative devices, satirical modes, cultural context, and humour in Howard's texts. The volume argues that his academic critical neglect is due to a classic bifurcation in Irish Studies between high and popular culture and it will use the thought of Pierre Bourdieu, Sigmund Freud, Mikhail Bakhtin, and Jacques Derrida to critique this division, building a theoretical platform from which to examine the significance of Howard's work as an Irish comic and satirical writer. Addressing both the style and the substance of his work, this text locates him in a tradition of Irish satirical writing that dates back to the Gaelic bards and it includes writers like Swift, Wilde, Flann O'Brien, and Joyce. Through textual and contextual analysis, this book makes the case for Howard as a significant and original voice in Irish writing whose fusion of the three traditional types of satire—Horatian, Juvenalian, and Menippean—has created a parallel Ireland that shines a satirical light on its real counterpart. As Freud suggests, humour is a

way of accessing aspects of the psyche that normative discourses cannot enunciate and Howard through the confessional voice of Ross offers a fictive truth on 20 years of Irish society a truth that is not accessed by discourse in the public sphere or by what could be termed literary or high cultural fiction

**Achille Mbembe** Oliver Coates, 2024-12-23 Achille Mbembe is a key thinker in contemporary African philosophy who has been influential in literary and cultural theory African literature and postcolonial studies Oliver Coates introduces key concepts within Mbembe's thought in relation to African history literature and philosophy This accessible guide Considers examples from African literature in Arabic English French and Yoruba and shows the relevance of Mbembe's thought beyond Anglophone writing Explores how Mbembe's work relates to contemporary global events and charts Mbembe's intellectual development between Cameroon France and the USA Discusses core concepts from across Mbembe's career including the positioning of Africa within Western and Afrodiasporic thought the colony postcolony necropolitics decolonization Afropolitanism technology and the environment Reveals Mbembe's engagement with key global events including the RhodesMustFall and BlackLivesMatter movements and the call for the restitution of African objects in Western museums Offering a clear and accessible route into what can be a complex area this book shows the significance of Mbembe's thought across literature history postcolonial studies gender studies and critical theory

**Scotland and the 19th-Century World**, 2012-01-01 The nineteenth century is often read as a time of retreat and diffusion in Scottish literature under the overwhelming influence of British identity Scotland and the 19th Century World presents Scottish literature as altogether more dynamic with narratives of Scottish identity working beyond the merely imperial This collection of essays by leading international scholars highlights Scottish literary intersections with North America Asia Africa and Europe James Macpherson Francis Jeffrey Walter Scott Robert Louis Stevenson and John Davidson feature alongside other major literary and cultural figures in this groundbreaking volume
