STEM and Social Justice: Teaching and Learning in Diverse Settings Cheryl B. Leggon, Michael S. Gaines, 2017-06-06 This volume focuses on selected innovative programs designed to augment the science engineering engineering and mathematics STEM workforce through increasing and enhancing the participation of under represented groups The programs span the STEM career pathway primary secondary and tertiary education and professional development and socialization in the United States South Africa and New Zealand Similarities as well as differences between and among programs across nations will be systematically analyzed for lessons learned The conceptualization for this volume developed over the past several years during various international conferences starting in Havana Cuba in 2006 and continuing at meetings in Japan 2014 South Africa 2013 and 2015 and New Zealand 2015

Public Gardens and Livable Cities Donald A. Rakow, Meghan Z. Gough, Sharon A. Lee, 2020-11-15 Public Gardens and Livable Cities changes the paradigm for how we conceive of the role of urban public gardens Donald A Rakow Meghan Z Gough and Sharon A Lee advocate for public gardens as community outreach agents that can and should partner with local organizations to support positive local agendas Safe neighborhoods quality science education access to fresh and healthy foods substantial training opportunities and environmental health are the key initiative areas the authors explore as they highlight model successes and instructive failures that can guide future practices Public Gardens and Livable Cities uses a prescriptive approach to synthesize a range of public private and nonprofit initiatives from municipalities throughout the country In doing so the authors examine the initiatives from a practical perspective to identify how they were implemented their sustainability the obstacles they encountered the impact of the initiatives on their populations and how they dealt with the communities underlying social problems By emphasizing the knowledge and skills that public gardens can bring to partnerships seeking to improve the quality of life in cities this book offers a deeper understanding of the urban public garden as a key resource for sustainable community development
