

Chose à montrer :

La France libre : mouvement politique de résistance.

De Gaulle souhaite donner un gouvernement aux personnes qui résistent

Montrer le processus de mise en place avec les colonies.

1) Chef, des effectifs, des territoires question 1 et 2.

2) Une France combattant question 3 + guerre mène.

3) Un embryon d'Etat question 4 et 5.

Exposer :

La France libre est le nom donné par le général Charles de Gaulle à l'organisation d'une Résistance extérieure après l'appel du 18 Juin. C'est à la fois une structure politique reconnue par les Alliés, une armée les FFL et des territoires. Les FFL (forces françaises libres) sont les forces armées (terrestres, navales, aériennes) de la France libre engagées contre l'Axe sous l'autorité du général De Gaulle. Ayant rejoint Londres en 1940, le général De Gaulle y crée la France libre, une organisation politique et militaire ayant pour but de reconquérir la France qui est occupée par l'Allemagne depuis juin 1940, en plus de l'occupation Nazis, l'arrivée du maréchal Pétain qui obtient les pleins pouvoir le 10 juillet 1940 n'arrange rien à la vie des français. Ainsi le général De Gaulle, avec l'appui de Winston Churchill, œuvre à unifier les résistances intérieures et à préparer l'avènement d'un nouveau régime après la guerre.

Nous sommes donc en mesure de nous demander comment se développe la France libre et quel est son rôle ?

Pour répondre à cette problématique :

Nous commencerons par étudier le leader, les effectifs et les territoires qui participent au mouvement France libre.

Puis nous analyserons les combats menés par la France.

Enfin nous étudierons l'embryon d'un nouvel état.

Pour commencer cet exposé nous allons nous pencher sur le chef, les effectifs et les territoires qui participent au mouvement France libre. Ce ralliement commence avec l'appel du général De Gaulle date du 18 juin 1940. Il se destine majoritairement aux français souhaitant lutter contre l'occupation mais aussi à tous les individus souhaitant résister au côté des français. L'objectif de l'appel du 18 juin 1940 et de contrer l'appel du Maréchal Pétain qui ordonnait de cesser la résistance et de collaborer avec l'occupation. L'appel du général de Gaulle apparaît alors comme un encouragement à continuer la résistance et ne pas céder face à la violence de l'occupation. Cet appel a eu un effet positif puisque comme on peut le voir sur le **document 2**, des 1940 des colonies françaises rejoignent la résistance. C'est le cas de l'Afrique équatoriale française ainsi que les établissements français de l'Inde comme Yanaon et Mahé de la Nouvelles Hébrides et la Nouvelle

La Politique Du Libre Eacutechange:

La Politique Commerciale À L'Angle Des Rapports D'Échanges Et Des Rapports De Force (Trade Policy at the Crossroads of Terms of Trade and Struggles for Power) (in French). Jean-Louis Perrault, 2011

La doctrine libre changiste est pass e d une approche pragmatique qui a pr valu de 1949 jusqu en 1994 avec la signature de l OMC puis d une approche strictement id ologique qui a d ailleurs enray le d veloppement des n gociations En effet avec elle appara t l alt ration des capacit s gouvernementales organiser la coh rence du d veloppement industriel territorial Cette alt ration se justifierait sans doute si elle avait su garantir de faire reculer les politiques du beggar my neighbor Joan Robinson Cependant compte tenu de l ampleur de la crise structurelle que conn a t le capitalisme depuis un quart de si cle l injonction l inaction des pouvoirs publics semble constituer l orientation oppos e celle n cessaire Face aux d mocraties qui souffrent de contraintes internes intenables la r ponse semble consister renforcer le pouvoir des sommets mondiaux dans l optique d viter de subir les cons quences significatives d un changement de gouvernement dans un grand pays d velopp De Bernis En revanche la mondialisation du chapitre 11 de l Alena qui garantit nombre de privil ges et de droit l investisseur tranger s organise elle est la prolongation du programme de 1948 de protection des investissements priv s US en Europe occidentale et annonciatrice de l Accord multilat ral d investissement de 1995 Dans ce cadre l le libre change constitue le p rim tre de la libert d une lite manag riale orienter le commerce international en fonction de ses int r ts et en d pit des objections des peuples Or si les managers qui contr lent aujourd hui les g ants internationaux recherchent le profit il faut s attendre ce qu ils choisissent des strat gies qui leur garantissent des rentes de monopole Est ce que cela signifie qu il faut inverser le pr dicat de Madame Krueger Le libre change engendre des comportements de course la rente Ou bien est ce que le libre change ne doit tre consid r que comme un point strat gique quelconque n offrant a priori aucune propri t particuli re

The free trade doctrine is passed from a pragmatic approach that prevailed of 1949 up to 1994 with the signature of the WTO to a strictly ideological approach which however halted the development of further talks As a matter of fact it appears with the deterioration of government capacity to organize the territorial coherence of industrial development This alteration may be justified if it had been able to guarantee the overthrow of beggar my neighbor policies Joan Robinson However given the magnitude of the structural crisis facing the capitalist during past quarter century the injunction to governments inaction seems to constitute the opposed orientation to the one necessary Faced with democracies that suffer from unsustainable internal constraints the answer seems to be to strengthen the power of global summits with a view to avoid suffering the consequences of a significant change in government in a major developed country De Bernis However globalization of Chapter 11 of NAFTA which provides many privileges and rights to the foreign investor is organized and is an extension of the program in 1948 to protect U S private investment in Western Europe and harbinger of the Multilateral Agreement on Investment 1995 In this framework free trade is the boundaries of freedom for a managerial elite to guide international trade

according to their interests and despite the objections of the people But if managers who now control the international giants seek profit it is expected to choose strategies that guarantee their monopoly rents Does this means reversing the predicate of Mrs Krueger Free trade leads behaviors race for rent Or is it that free trade should be seen as an indeterminate strategic point offering no particular property
