## **Migrants Minorities Health Historical And Contemporary Studies:**

**Migrants, Minorities & Health** Lara Marks, Michael Worboys, 2002-11-01 How has twentieth century medicine dealt with immigrants and minorities The contributors to *Migrants Minorities and Health* have studied a number of different types of migrant and minority groups from different societies around the world in order to examine the complex relations between health issues and ideas of ethnicity and race The collection explores the historical origins and the contemporary power of stereotypical views of immigrants as importers of disease for instance or of minorities as a source of infection in the host society The authors show how ideas of ethnicity and race have shaped and in turn have been influenced by the construction of medical ideas Challenging our common assumptions about migrants minorities and health this collection brings together new perspectives from a variety of disciplines It will make fascinating reading for social historians medical historians and social policy makers

**An Introduction to Immigrant Incorporation Studies** Jan Rath, Marco Martiniello, 2005-10-01 Focusing mainly on the European experience including Eastern Europe this important volume offers an advanced introduction to immigrant incorporation studies from a historical empirical and

theoretical perspective Beyond incorporation theories renowned scholars in the field explore incorporation in action in different fields policy issues and normative dimensions

**Contagious Communities** Roberta Bivins, 2015-09-24 It was only a coincidence that the NHS and the Empire Windrush a ship carrying 492 migrants from Britain's West Indian colonies arrived together On 22 June 1948 as the ship's passengers disembarked frantic preparations were already underway for 5 July the Appointed Day when the nation's new National Health Service would first open its doors The relationship between immigration and the NHS rapidly attained and has enduringly retained notable political and cultural significance Both the Appointed Day and the post war arrival of colonial and Commonwealth immigrants heralded transformative change Together they reshaped daily life in Britain and notions of Britishness alike Yet the reciprocal impacts of post war immigration and medicine in post war Britain have yet to be explored *Contagious Communities* casts new light on a period which is beginning to attract significant historical interest Roberta Bivins draws attention to the importance but also the limitations of medical knowledge approaches and professionals in mediating post war British responses to race ethnicity and the emergence of new and distinctive ethnic communities By presenting a wealth of newly available or previously ignored archival evidence she interrogates and re balances the political history of Britain's response to New Commonwealth immigration *Contagious Communities* uses a set of linked case studies to map the persistence of race in British culture and medicine alike the limits of belonging in a multi ethnic welfare state and the emergence of new and resolutely unimagined communities of patients researchers clinicians policy makers and citizens within the medical state and its global contact zones
