September 2019 Monthly Current Affairs with MCQs for Competitive Exams Disha Experts,2019-09-01 The Politics and Crisis Management of Animal Health Security John Connolly,2016-03-09 The Politics and Crisis Management of Animal Health Security addresses the 2001 foot and mouth epidemic in the United Kingdom one of if not the most significant crises ever to face the UK farming industry Underpinned by interviews with politicians and bureaucrats and with significant primary documentary analysis the book shows that the crisis was a critical juncture in how disease outbreaks have been planned and managed ever since The author explores how this event affected policy and governance arrangements for managing subsequent disease induced threats such as avian influenza and bovine TB and concludes by considering the temporality of lesson learning by the UK government including the current and future challenges associated with managing incongruent risks e g flood protection swine flu and Ebola This book provides students of public policy and administration with a significant illustration of how key concepts and analytical lenses from public policy can be applied to the study of the contours of practical policy change *Running Science* John Brewer,2019-02-07 Running can encompass the absolute

extremes of human performance from speed to endurance Running Science uncovers the fundamental science that underpins this ubiquitous sport bringing together the study of biomechanics nutrition psychology health and injury prevention and the technical development of shoes and running surfaces it s a complete reference **Glycan Diversity in Fungi, Bacteria and Sea Organisms** Eliana Barreto-Bergter,2016-09-07 The cell surface of fungi bacteria and sea organisms is highly glycosylated These glycans are oligo or polysaccharide molecules that can be secreted or attached to protein or lipids forming glycoconjugates They present extraordinary structural diversity that could explain their involvement in many fundamental cellular processes including growth differentiation and morphogenesis Considerable advances have been made on the structural elucidation of these glycans Their primary structures were determined based on a combination of mass spectrometry and NMR spectroscopy techniques The combination of these sensitive and powerful techniques has allowed us to increase our structural knowledge of a wide variety of glycans expressed by different fungi bacteria and sea organisms

Biological Weapons DR. U C Jha,Dr K Ratnabali,2021-02-01 The threat of biological weapons has been worrying about the armed forces as well as political leaders for quite some time With the global recorded deaths from COVID 19 surpassing one million the biotechnological revolution has heightened the fear of future weaponized pathogens The COVID 19 virus or its variant could be the most effective weapon for future biological warfare The indiscriminate effect of such a weapon and its power to cripple economies and devastate the lives of people may make it attractive to rogue States and non State actors This book provides an updated analysis of biological warfare agents including the COVID 19 virus biotechnological developments affecting biological agents and the legal regime responsible for preventing the use of biological weapons

Principles of Clinical Medicine for Space Flight Michael R. Barratt, Ellen S. Baker, Sam L. Pool, 2020-01-02 In its first edition *Principles of Clinical Medicine for Space Flight* established itself as the authoritative reference on the contemporary knowledge base of space medicine and standards of care for space flyers. It received excellent notices and is used in the curricula of civilian and military training programs and used as a source of questions for the Aerospace Medicine Certifying Examination under the American Board of Preventive Medicine. In the intervening few years the continuous manning of the International Space Station has both strengthened existing knowledge and uncovered new and significant phenomena related to the human in space. The Second Edition incorporates this information. Gaps in the first edition will be addressed with the addition of new and revised chapters. This edition is extensively peer reviewed and represents the most up-to-date knowledge.

Developing Person Through Childhood and Adolescence Kathleen Stassen Berger, 2015-04-15 Exceptional in its currency, global in its cultural reach, Kathleen Berger's portrait of the scientific investigation of childhood and adolescent development helps bring an evolving field into the evolving classroom. Guided by Berger's clear, inviting authorial voice and page after page of fascinating examples from cultures around the world, students see how classic and current research and the lives of real people shape the field's core theories and concepts. In addition to Kathleen Berger's exhaustive updating of the research, this edition is notable for its thorough integration of assessment throughout learning objectives assessments after each section, expanded end-of-chapter quizzes all aligned with national standards.
