## How To Register For Service Tax Number:

*A Study of Service Tax in India and its Analysis* Dr. Makarand Raghunath Sakhalkar, 2018-03-05 Based on recommendations made by Chelliah Committee on Tax Reforms Service Tax was introduced for the first time in the year 1994. It is a Union levy with a selective approach whereby it is applicable to selected categories of services and not to all the services. The system of levy and collection of Excise Duties on goods is in existence since 1944 under Central Excise Act 1944. However, the concept of levy and collection of Service Tax on paid services was introduced in India for the first time in 1994 by the then Finance Minister Dr. Manmohan Singh. It is a tax levied on the transaction of certain specified services by the Central Government under the Finance Act 1994. It is an indirect tax which means that normally the service provider pays the tax and recovers the amount from the recipient of taxable service.

**Special Economic Zones in India** Arpita Mukherjee, Parthapratim Pal, Saubhik Deb, Subhobrota Ray, Tanu M Goyal, 2016-07-14 This

book examines India's ten years of experience developing Special Economic Zones (SEZs) and the performance of SEZs in the context of India's growing international engagement, its endeavours to attract domestic and foreign investment in manufacturing and services and its aim to increase and diversify exports of goods and services. SEZs are industrial enclaves, clusters within a country that receive certain incentives and business facilitation benefits that are not generally available to the rest of the country. To facilitate private and foreign investment in SEZs, India introduced the SEZ policy in 2000, which was followed by the SEZ Act in 2005. After ten years under the Act, India now has one of the largest number of approved SEZs in the world, and its SEZ policy remains heatedly debated, with a number of studies arguing both for and against it. Given this background, the book also identifies the challenges faced by SEZs in India and offers policy recommendations on how to make the SEZs an engine for India's economic growth and development that can more effectively link the country's manufacturing and services sectors to global value chains.
