**The Social Work and LGBTQ Sexual Trauma Casebook** Miriam Jaffe, Megan Conti, Jeffrey Longhofer, Jerry Floersch, 2019-10-29 This inspiring text offers a collection of case studies from expert clinical social workers who work closely with survivors of LGBTQ related sexual trauma. The book covers a wide range of topics such as gender and sexual minority asylum seekers, the embodiment of queer identity, the role of religion, regionality in the LGBTQ experience, and effective use of gay affirmative therapy. Each chapter is framed by key questions that encourage students and mental health practitioners to think through the specific needs and challenges of LGBTQ individuals who have experienced sexual trauma. Additional resources include an example of effective supervision and an example of a case conceptualization. Drawing on the importance of narrative social work and the record of experience it provides, The Social Work and LGBTQ Sexual Trauma Casebook is an essential text for students and clinical social workers working with LGBTQ survivors of sexual trauma.

**Firms as Political Entities** Isabelle Ferreras, 2017-10-25 When people go to work they cease to be citizens. At their desks they are transformed into employees subordinate to the hierarchy of the workplace. The degree of their sense of voicelessness may vary from employer to employer but it is real and growing, inflamed by populist propaganda that ridicules democracy as weak and ineffective amid global capitalism. At the same time corporations continue untouched and even unremarked as a major source of the problem. Relying on economic bicameralism to consider firms as political entities this book sheds new light on the institutions of industrial relations that have marked the twentieth century and argues that it is time to recognize that firms are a peculiar institution that must be properly organized in order to unshackle workers' motivation and creativity and begin nurturing democracy again. **The right and the recession** Edward Ashbee, 2015-07-01 The right and the recession considers the ways in which conservative activists, groupings, parties and interests in the US and Britain responded to the financial crisis and the Great Recession that followed in its wake. The book looks at the tensions and stresses between different ideas, interests and institutions and the ways in which they shaped the character of political outcomes. In Britain these processes opened the way for leading Conservatives to redefine their commitment to fiscal retrenchment and austerity. Whereas public expenditure reductions had been portrayed as a necessary response to earlier overspending, they were increasingly represented as a way of securing a permanently leaner state. The book assesses the character of this shift in thinking as well as the viability of these efforts to shrink the state and the parallel attempts in the US to cut federal government spending through mechanisms such as the budget sequester.

**Real Estate Record and Builders' Guide**, 1917 **Screening and Prevention in Primary Care, An Issue of Primary Care: Clinics in Office Practice** Mack T. Ruffin IV, 2014-06-28 This issue of Primary Care Clinics in Office Practice, edited by Mack T. Ruffin IV MD MPH and Cameron G. Shultz PhD MSW, is devoted to Preventive Medicine. Articles in this issue include Risk Assessment Approach, Screening

Substance Use and Tobacco Screening Sexually Transmitted Infections Planned Pregnancy Violence Screening Breast Cancer Screening Lung Cancer Screening Colorectal Cancer Screening Prostate Cancer Screening Heart Disease Screening Screening for Depression and Use of Genetic Markers **Disability and Vocational Rehabilitation in Rural Settings**

Debra A. Harley, Noel A. Ysasi, Malachy L. Bishop, Allison R. Fleming, 2017-11-03 This first of its kind textbook surveys rehabilitation and vocational programs aiding persons with disabilities in remote and developing areas in the U.S. and abroad. Contributors discuss longstanding challenges to these communities most notably economic and environmental obstacles and ongoing barriers to service delivery as well as their resilience and strengths. Intersections of health, social, structural, and access disparities are shown affecting rural disabled populations such as women, racial and sexual minorities, youth, and elders. In terms of responses, a comprehensive array of healthcare and health policy solutions and recommendations is critiqued with regard to health, employment, and service effectiveness and outcomes. Included among the topics: Healthcare initiatives, strategies, and challenges for people with disabilities in rural, frontier, and territory settings; Challenges faced by veterans residing in rural communities; The Asia and Pacific region rural urban impact on disability; Challenges after natural disaster for rural residents with disabilities; Meeting the needs of rural adults with mental illness and dual diagnoses; Capacity building in rural communities through community based collaborative partnerships. **Disability and Vocational Rehabilitation in Rural Settings** makes a worthy textbook for graduate students and upper level undergraduates in the fields of social work, community and environmental psychology, public health, sociology, education, and geography. Its professional audience also includes vocational rehabilitation counselors serving these dynamic populations.

**Chase's Calendar of Events 2014 with CD-ROM** Editors of Chase's Calendar of Events, 2013-10-10 4,000 notable birthdays, 1,400 historical anniversaries, 650 national and international holidays, 160 religious holidays, and thousands of additional days of note from all over the globe.

Cover **Producing Children** Peter C. Kunze, Victoria Ford Smith, 2025-04-15 **Producing Children** imagines the possibility, indeed the inevitability of a creative relation between children as producers and consumers by revising the long established hierarchical relation between adults and children. The chapters in this collection reveal that studying child produced culture complicates our received understandings of children's culture as culture by adults for children about children. They also underscore children's literature as a cultural phenomenon that moves across and beyond genres, forms, and media. As a whole, this collection reveals that attention to child produced culture invites dialogue and collaboration across fields and disciplines invested in the critical understanding of children as embodied beings and childhood as both a stage of development and discursive construct with social, political, economic, and cultural dimensions and influence. With the ongoing vibrancy of childhood studies as a multidisciplinary area of inquiry, studies of child produced culture provide scholars with an exciting opportunity to complicate, enrich, and expand theorization of childhood creativity, children's culture, and even children themselves.
