

Intelligence Bureau: Roles, Recruitment & Exam Guide 2025

The Intelligence Bureau (IB) is India's internal intelligence agency. It works quietly behind the scenes. You won't see headlines about its work, but it plays a key role in national security. If you're thinking of joining the IB, this guide explains what it does, how to apply, and what to expect in the recruitment process for 2025.

What Is the Intelligence Bureau?

The Intelligence Bureau is one of the oldest intelligence agencies in the world. It was established in 1887 during British rule. After independence, it became India's domestic intelligence service under the Ministry of Home Affairs.

The IB gathers information to protect the country from internal threats. That includes terrorism, espionage, cybercrime, and anti-national activities. It also monitors border security issues and political developments that could impact national safety.

IB officers don't work in the public eye. Most of what they do stays confidential.

Key Roles in the IB

The Bureau has a range of roles depending on experience, skills, and responsibilities. Here's a basic breakdown:
