Martín, Ignacio de Bustos Martín, 1999-04. *World Guide to Foundations* Michael Zils, 1998. As a crucial source of grants, studies, research and other not for profit services, the world's growing roster of foundations each year dispenses literally billions of dollars on causes ranging from eradicating AIDS to monitoring human rights abuses to promoting free speech on the Internet. Whether you're looking for the phone number of the Ford Foundation or a list of scientific foundations in Switzerland, you'll find everything you need to know in this first edition of the *World Guide to Foundations*. It brings together over 21,750 foundations on six continents and some 112 countries from Albania to Zimbabwe. Entries are arranged alphabetically by country and typically include: The foundation's name and abbreviation; Address, phone and fax numbers; and e-mail address; Year of origin; Key personnel, including chairman, managing director and donors; Financial resources and annual income and expenses; Type of foundation and its aims; Publications. Offering additional points of entry are indexes by foundation name and over 199 different subject areas such as education, peace studies or consumer protection. A German-English concordance for subject areas is also provided.

Implementing Digital Forensic Readiness Jason Sachowski, 2019-05-29. *Implementing Digital Forensic Readiness: From Reactive to Proactive*. Process Second Edition presents the optimal way for digital forensic and IT security professionals to implement a proactive approach to digital forensics. The book details how digital forensic processes can align strategically with business operations and an already existing information and data security program. Detailing proper collection, preservation, storage and presentation of digital evidence, the procedures outlined illustrate how digital evidence can be an essential tool in mitigating risk and reducing the impact of both internal and external digital incidents, disputes and crimes. By utilizing a digital forensic readiness approach and stances, a company's preparedness and ability to take action quickly and respond as needed. In addition, this approach enhances the ability to gather evidence as well as the relevance, reliability and credibility of any such evidence. New chapters to this edition include Chapter 4 on Code of Ethics and Standards, Chapter 5 on Digital Forensics as a Business and Chapter 10 on Establishing Legal Admissibility. This book offers best practices to professionals on enhancing their digital forensic program or how to start and develop one the right way for effective forensic readiness in any corporate or enterprise setting.
