*The Gift of Fire* Dan Caro,2010-03-01 Dan Caro has been proving the world wrong since he was in diapers When he was two years old he was engulfed in a fireball during a gasoline explosion in the family garage and was left with third degree burns over most of his body so severe that doctors held out little hope he d survive more than a few days Dan was in such excruciating pain that his devastated parents silently prayed for God to end their son s suffering and welcome him into heaven And it seemed as if God was willing to oblige Dan technically died on the operating table several times in the hours following the accident But even though his heart stopped Dan s spirit wasn t ready to give up somehow he knew he had work to do Despite the odds Dan survived but life would not be easy The fire left him badly maimed and disfigured His hands were burned away as was most of his skin and nearly all of his face He would endure years of painful surgeries and endless months of lonely isolation in burn units only to suffer the agony of social rejection shunned and called monster by both children and adults in his Louisiana hometown With the support of his loving parents and siblings Dan did not despair He kept his heart open to the world and focused on the positive energy around him Before his sixth birthday he vowed that his life would not be defined by the way others saw him or the restrictions of his so called physical handicaps Dan set himself a series of life goals starting with the art of tying his shoelaces without fingers Once he had achieved that milestone he decided he could do anything so why not learn to play the drums When Dan was told he d never be able to do so he promised himself that one day he d become one of the most accomplished drummers in the city that gave jazz its name New Orleans Since that day Dan s music has inspired thousands and many more have also been inspired by his personal philosophy of focusing on the positive refusing to accept limits and living life with an open heart Today the young man who was once shunned and called monster by his neighbors is very much in demand as a public speaker and travels the country encouraging others to not just overcome life s hardships but to view adversity as a gift that can drive us toward reaching our full potential This is Dan s first book

David Citino,1986    **Proceedings of the American Institute of Electrical Engineers** American Institute of Electrical Engineers,1909    **Annual Report** Scotland. Local Government Board,1909    *The Gift of a Cow* Premacanda,1968 Premchand was one of the foremost Hindustani writers of the early twentieth century and Godaan first published 1936 is Premchand s most celebrated novel Economic and social conflict in a North Indian village are graphically portrayed in the story of Hori a typical Indian fanner and his family s struggle for survival and self respect Grinding poverty is the Indian farmer s greatest enemy and Hori fights it to the bitter end of his life As every Hindi Hori cherishes the desire to make the gift of a cow to a Brahman at the time of his death for it is common belief that this gift enables him to enter heaven The novel is dominated by that most important of themes of Indian folklore the symbol of the cow and by Hori s ceaseless striving to achieve his goal In striking contrast to the village scene is the picture of Indian middle and upper class urban life which Premchand skillfully reveals through such memorable characters as Miss Malti an attractive young physician Pandit Onkarnath a newspaper editor Dr Mehta a philosophy professor and Mr Khanna a bank manager and factory owner In both the traditional and the modern settings there is oppression in both there are clashes of values Yet behind the distinctively Indian setting readers will recognize universal human predicaments Adapted from publisher description
