American Idioms and Some Phrases Just for Fun Edward Swick, 1999-02 A reliable guide to help English as a Second Language students comprehend the intricacies of idiomatic American English for practical everyday purposes

Interpersonal Positioning in English as a Lingua Franca Interactions Svitlana Klötzl, Birgit Swoboda, 2019-11-28 This book offers a critical reflection on interpersonal positioning across both large and small scale contexts and highlights the multifaceted nature of intercultural communication in today's global world. The volume establishes positioning primarily as the negotiation of interpersonal relationships and draws on concepts from across disciplines by way of reappraisal before applying them to two specific domains: MMORPGs (Massively Multiplayer Online Role Playing Games) and private ELF couple interaction. While acknowledging and showcasing the unique features of positioning in these two contexts, Klötzl and Swoboda point to their commonalities by looking at how language and specifically English is used as a communicative resource in lingua franca situations. The book also identifies new directions for future methodological innovations in that it demonstrates how the same interaction can be looked at in methodologically different ways and how the authors' own positions projected on to such interaction create an integrated tripartite perspective on the two domains. Shedding light on interpersonal positioning in different contexts and in turn on global communication more generally, this book will be of particular interest to students and researchers in discourse analysis, pragmatics, computer-mediated communication, sociolinguistics, and applied linguistics.

In this twenty-month period he wrote most of his work for the San Francisco Golden Era, the Morning Call, the Dramatic Chronicle, and the Californian. He began to publish somewhat more regularly in eastern journals like the New York Saturday Press and the Weekly Review, and toward the end of the period he started a long assignment as the daily correspondent from San Francisco to the Virginia City Territorial Enterprise. In November 1865 he published 'Jim Smiley and His Jumping Frog' no. 119, and by the beginning of 1866 the news of its success with eastern readers had begun to filter back to California. He was on the verge of national and international fame as a humorist.
