Read the text and answer the following questions.

Newspaper is the store house of knowledge. It is not only the people's parliament but also an integral part of modern civilization. It is just like the mirror of the world and it plays a vital role to form public opinion. We must have the habit of reading the newspaper daily. It helps us in acquiring general knowledge which is essential for our education. Nobody can keep contact with the outside world without reading the newspaper. Mere bookish knowledge is not sufficient in the struggle of life. A man who does not read the newspaper regularly is like a frog in a narrow well. Being ignorant of current topics, he cannot take part in the talks and discussions in an enlightened society and it seems like a fish out of water in it. The newspaper is a dainty in a dish of varieties, such as the news of current affairs, trade and commerce, films, games and sports etc. Moreover, the views of scholars on different subjects are discussed. All these have some educative values as it is a blessing of modern civilization.

But one should bear in mind that sometimes newspapers bear comments of diverse nature and interests by the reporters and critics from various angles. We should not be blindly influenced by these comments but should keep an open mind to the facts and problems.
