Grundtvig Studier 1994:

Grundtvig studier 1994, 1994 *Volume 7, Tome II: Kierkegaard and His Danish Contemporaries - Theology* Jon Stewart, 2016-12-05 The period of Kierkegaard's life corresponds to Denmark's Golden Age which is conventionally used to refer to the period covering roughly the first half of the nineteenth century when Denmark's most important writers philosophers theologians poets actors and artists flourished Kierkegaard was often in dialogue with his fellow Danes on key issues of the day His authorship would be unthinkable without reference to the Danish State Church the Royal Theater the University of Copenhagen or the various Danish newspapers and journals such as *The Corsair* *Fædrelandet* and *Kjøbenhavnsposten* which played an undeniable role in shaping his development The present volume features articles that employ source work research in order to explore the individual Danish sources of Kierkegaard's thought The volume is divided into three tomes in order to cover the different fields of influence Tome II is dedicated to the host of Danish theologians who played a greater or lesser role in shaping Kierkegaard's thought In his day there were a number of competing theological trends both within the church and at the Faculty of Theology at the University of Copenhagen and not least of all in the blossoming free church movements These included rationalism Grundtvigianism and Hegelianism In this quite dynamic period in Danish ecclesial history Kierkegaard was also exercised by a number of leading personalities in the church as they attempted to come to terms with key issues such as baptism civil marriage the revision of the traditional psalm book and the relation of church and state The Nordic Folk High School Teacher Johan Lövgren, Jonas Andreassen Lysgaard, Rasmus Kolby Rahbek, Anders Hallqvist, 2023-09 This anthology presents the Nordic folk high school teacher through thirteen research articles combined under three themes identity work and education each part capped by overarching summary chapters The folk high schools are given a central role in the democratic development of the Nordic region and are described as a significant influence on adult education globally but there have been few regional research projects describing the schools The inclusion of research covering five Nordic countries in a peer reviewed anthology makes this publication a unique portrayal both of the schools common identity and their national variations *Anglo-Saxon England: Volume 26* Michael Lapidge, Malcolm Godden, Simon Keynes, 1998-06-04 In the present volume the two essays that frame the book provide exciting insight into the mental world of the Anglo Saxons by showing on the one hand how they understood the processes of reading and assimilating knowledge and on the other how they conceived of time and the passage of the seasons In the field of art history two essays treat two of the best known Anglo Saxon manuscripts The lavish symbol pages in the Book of Durrow are shown to reflect a programmatic exposition of the meaning of Easter and a posthumous essay by a distinguished art historian shows how the Anglo Saxon illustrations added to the Galba Psalter are best to be understood in the context of the programme of learning instituted by King Alfred The usual comprehensive bibliography of the previous year's publications in all branches of Anglo Saxon studies rounds off the book **Danske studier**, 1997 Indholdsfortegnelse

til Danske studier 1904 1915 samt Festskrift til H F Feilberg v 12 p 209 226 Building the Nation John A. Hall, Ove Korsgaard, Ove K. Pedersen, 2015-03-20 How Denmark became Denmark through one of the most successful nation building processes in history Volume 19, Tome VI: Kierkegaard Bibliography Peter Šajda, Jon Stewart, 2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies Northern Antiquities and National Identities Knud Haakonssen, Henrik Horstbøll, 2008 N.F.S. Grundtvig's Interpretation of Beowulf as a Living Heroic Poem for the People Mark Bradshaw Busbee, 2005 **Humanity in God's Image** Claudia Welz, 2016-08-18 How can we in our times understand the biblical concept that human beings have been created in the image of an invisible God This is a perennial but increasingly pressing question that lies at the heart of theological anthropology Humanity in God's Image An Interdisciplinary Exploration clarifies the meaning of this concept traces different Jewish and Christian interpretations of being created in God's image and reconsiders the significance of the imago Dei in a post Holocaust context As normative counterfactual notions human dignity and the imago Dei challenge us to see more Claudia Welz offers an interdisciplinary exploration of theological and ethical visions of the invisible By analysing poetry and art Welz exemplifies human self understanding in the interface between the visual and the linguistic The content of the imago Dei cannot be defined apart from the image carrier an embodied creature Compared to verbal visual and mental images how does this creature as a living image refer to God like a metaphor a mimetic mirror or an elusive trace Combining hermeneutical and phenomenological perspectives with philosophy of religion and philosophy of language semiotics art history and literary studies Welz regards the imago Dei as a complex sign that is at once iconic indexical and symbolical pointing beyond itself **Scandinavica** Elias Bredsdorff, 1995 *RILM Abstracts of Music Literature* International Repertory of Music Literature (Organization), 1997 A comprehensive ongoing guide to publications on music from all over the world with abstracts written in English All scholarly works are included articles books bibliographies catalogues dissertations Festschriften films and videos iconographies critical commentaries to complete works ethnographic recordings conference proceedings electronic resources and reviews **Old English Scholarship and Bibliography** Jonathan Wilcox, 2004 Новая литература по социальным и гуманитарным наукам, 1998 *Vox viva* Inga Meincke, 2000 Novaja sovetskaia literatura po literaturovedeniiu, 1996 **Aarhus Universitet Aarsberetning** Aarhus universitet, 1994 **MLA Directory of Periodicals: a Guide to Journals and Series in Languages and Literatures** Modern Language Association of America, 1996 Includes indexes to editorial personnel
