Este libro procura discutir e analisar a partir de realidades diferenciadas e de uso de metodologias específicas em estudos originais o cultivo de determinadas plantas usadas para fins de produção de substâncias psicoativas ilegais e suas consequências em populações e nas políticas de drogas. Uma questão que sabemos complexa por mobilizar vultosos recursos dos governos para combater e erradicar culturas agrícolas existentes por ser elemento fundamental das relações internacionais bi e multilaterais por envolver hábitos e valores culturais por ser alternativa de rendas para milhares de trabalhadores e suas famílias e por compor um dos eixos fundamentais na política internacional de combate às drogas. Todas as questões elencadas neste livro nos levam a pensar como as ações adotadas por governos para enfrentar a questão das drogas em geral e dos cultivos de plantas usadas para a confecção de drogas ilegais especificamente estão longe de elencar soluções que levem em consideração toda a sua complexidade. Apesar de ser um grande avanço as iniciativas como a do Uruguai e de alguns estados estadunidenses que resolveram dar tratamento não criminológico a determinadas formas de cultivo da cannabis essas iniciativas são apenas os primeiros passos para dar novo tratamento ao problema.

Narcotráfico en Colombia Carlos Gustavo Arrieta, 1990 El estudio responde a interrogantes sobre factores que llevaron al nacimiento y consolidación del narcotráfico en Colombia. Analiza los factores que contribuyeron al repunte del lucrativo y violento negocio como la polarización económica y política de la sociedad colombiana y las múltiples ambivalencias en el tratamiento del problema por parte de sucesivos gobiernos. Mientras a los empresarios de la droga se les rechazaba en el plano social en el económico se les aceptaba. El libro explica por qué la precariedad social y estatal facilitó la penetración del narcotráfico en muchas instancias políticas económicas y sociales y muestra cómo la respuesta gubernamental ha sido también oscilante moviéndose entre la represión y el diálogo. Trata temas como la legalización extradición desmonte del negocio veeduría internacional y traslados de costos del combate a Estados Unidos.
