

A person wearing a bright green hooded robe and yellow gloves stands in a dark, misty forest. The person is facing away from the camera, looking towards a dark, shadowy figure in the distance. The forest is dense with tall, thin trees and a thick layer of mist or fog. The lighting is dim, creating a spooky and mysterious atmosphere.

**Questions of Liberation Theology** Jione Havea, 2025-04-22 Liberating is ongoing and unending And so is theology From time to time it is helpful to look back to discern and to address questions that haunt current practices This book looks back over the journey of liberation theology and it also looks forward guided by the insights and wisdoms of scholar activists and practitioners from the global south Africa Latin America Asia Caribbean Oceania plus a few allies from the global north It reflects on the journey of Liberation Theology as it engages current realities from technology to queer experience that are largely ignored by mainline theologies

**South Asian Filmscapes** Elora Halim Chowdhury, Esha Niyogi De, 2020-11-30 New political realities and shared histories connect film cultures across borders In South Asia massive anticolonial movements in the twentieth century created nation states and reset national borders forming the basis for emerging film cultures Following the upheaval of the partition of India and Pakistan in 1947 and the Bangladesh Liberation War of 1971 new national cinemas promoted and reinforced prevailing hierarchies of identity and belonging At the same time industrial and independent cinemas contributed to remarkably porous and hybrid film cultures reflecting the intertwining of South Asian histories and their reciprocal cultural influences This cross fertilization within South Asian cultural production continues today South Asian Filmscapes excavates these complex politics and poetics of bordered identity and crossings through selected histories of cinema in South Asia Several essays reveal ways in which fixed notions of national identity have been destabilized by the cross border mobility of filmed arts and practitioners while others interrogate how filmic politics intersects with discourses of nationalism sexuality and gender religion and language Together they offer a fluid approach to the multiple histories and encounters that conjure South Asia as a geographic and political entity in the region and globally through a cinematic imagination **Feminism, Literature and Rape Narratives** Sorcha Gunne, Zoe Brigley

Thompson, 2012-08-06 The essays in this volume discuss narrative strategies employed by international writers when dealing with rape and sexual violence whether in fiction poetry memoir or drama In developing these new feminist readings of rape narratives the contributors aim to incorporate arguments about trauma and resistance in order to establish new dimensions of healing This book makes a vital contribution to the fields of literary studies and feminism since while other volumes have

focused on retroactive portrayals of rape in literature to date none has focused entirely on the subversive work that is being done to retheorize sexual violence Split into four sections the volume considers sexual violence from a number of different angles Subverting the Story considers how the characters of the victim and rapist might be subverted in narratives of sexual violence In Metaphors for Resistance the essays explore how writers approach the subject of rape obliquely using metaphors to represent their suffering and pain The controversy of not speaking about sexual violence is the focus of The Protest of Silence while The Question of the Visual considers the problems of making sexual violence visible in the poetic image in film and on stage These four sections cover an impressive range of world writing which includes curriculum staples like Toni Morrison Sarah Kane Sandra Cisneros Yvonne Vera and Sharon Olds

The Death and Afterlife of Mahatma Gandhi Makarand Paranjape, 2014-09-19 Who is responsible for the Mahatma's death Just one single but determined fanatic the whole ideology of Hindu nationalism the ruling Congress led government which failed to protect him or a vast majority of Indians and their descendants who considered Gandhi irrelevant Such questions mean that Gandhi even after his tragic and brutal death continues to haunt India perhaps more effectively in his afterlife than when he was alive The Death and Afterlife of Mahatma Gandhi is a groundbreaking and profound analysis of the assassination of the father of the nation and its after effects Paranjape argues that such a catastrophic event during the very birth pangs of a new nation placed a huge burden of Oedipal guilt on Indians and that this is the reason for the massive repression of the murder in India's political psyche The enduring influence of Gandhi is analysed including his spectral presence in Indian cinema The book culminates in Paranjape's reading of Gandhi's last six months in Delhi where from the very edge of the grave he wrought what was perhaps his greatest miracle the saving of Delhi and thus of India itself from internecine bloodshed This evocative and moving meditation into the meaning of the Mahatma's death will be relevant to scholars of Indian political and cultural history as well as those with an interest in Gandhi and contemporary India

Vernacular English Akshya Saxena, 2022-03 After India's Partition and independence in 1947 cleansing Hindi by removing Urdu words was part of the nation's effort to disavow Islamic influence and to forge an exclusively Hindu Indian identity Sanskritized Hindi was anointed the official language of India in 1950 a move protested by non Hindi speaking people in 1963 lawmakers responded to these protests by making English an associate official language Itself a language steeped in a history of colonial violence English nevertheless was chosen to mend the gaps created by the imposition of Hindi and to uphold the ideal of democracy This book considers English as part of the multilingual local milieu of India a country where more than twenty languages are spoken not as a colonial language imposed from without Through a close study of English in India from the language policies under British rule to the present day Akshya Saxena argues that low castes and minority ethnic groups those oppressed by or denied access to English have routinely and effectively used the language to make political demands on the state The book examines the ways that Indians use English in literary spoken and visual media from novels to films to global protest movements to express and shape their
