While our study shows that age and gender play a significant role in the outcome of oral preterm birth intervention, preterm birth intervention is a complex multi-level process. These findings are responsive to recent literature and to the specificities of this clinical intervention and especially the need to give birth to low birth weight infants. Future studies will need to examine the parameters that are associated with preterm birth intervention, including the intervention and those associated with the birth process.

Remember, before you begin your search for a new job, you should always research the company to get a better understanding of their culture and what they are looking for in a candidate.

It is the open, public, democratic model that has won the day. Anywhere. This same attitude is what distinguishes presidents as leaders from ordinary citizen politicians, and what makes our political system unique. It is not only a theory, but also a practice. That is how the president of the United States, Barack Obama, could stand up and declare, "I am the president of the United States," without anyone questioning his right to be president.
