Practice and repetition are one of the best ways to become more familiar with the material and the test itself. You can take the tests online as many times as you like.

2. Scored practice test report: At the end of your online test you receive a scored report with your score for each section and a breakdown of your strengths and weaknesses. This is crucial to know when deciding how to approach studying for the test. If you can identify your weak areas then you will know where you need to focus your studying the time this saves you is invaluable.

3. Online video lessons: You'll have access to video lessons covering every topic and lesson on the test. People like to learn in different ways; it's likely you would benefit from having both chapters in print as well as a video lesson to talk you through it.

4. Online flashcards for every subject with over 400 flashcards: Flashcards are essential to reinforce what you are learning; it's safe to say you won't find any other study guides that include online flashcards.

Amazing! You made it all the way to the end of this product description. So what are you waiting for? If needed, go back to the top and re-read the part about you walking out of the test with a big smile on your face after passing. It's your day, it's your time, let's do this!
