Michel Crozier Acteurs Et Systèmes Analyse Stratégique Des Organisations

Michel Crozier, Erhard Friedberg

Michel Crozier Acteurs Et Systèmes Lanalyse Stratégique Des Organisations:

Michel Crozier - Acteurs et systèmes : l'analyse stratégique des organisations François Grima, 2009-11-01 Comme le soulignent Durand et Weil 1991 Michel Crozier est souvent défini comme un sociologue des organisations. Néanmoins la grille de lecture qu'il propose l'analyse stratégique dépasse la simple analyse des firmes pour interroger comme en témoignent ses écrits des années 90 1989 1995 l'évolution des sociétés en général. Saussois 1999 souligne que Crozier demeure le chercheur en Sciences Sociales le plus connu du monde de l'entreprise. Cette renommée repose sur une construction théorique originale. Refutant les approches fonctionnalistes contestant tout à la fois les analyses interactionnistes et culturalistes Crozier propose d'analyser les phénomènes organisationnels selon une double perspective individuelle et holistique. L'individu est un acteur autonome la liberté contrainte par l'incertitude entourant l'action de ses partenaires et par sa méconnaissance des effets du système engendrés par la multitude des liens structurant son espace social. Incertitude système d'action et pouvoir constituent les fondements de l'analyse. Au-delà de ce double mouvement singulier de compréhension du social l'analyse stratégique ne se résume pas à une étude des phénomènes de pouvoir. Elle intègre la problématique du changement. Ce dernier est comme un moment de crise des équilibres internes la firme questionnant les jeux existants. **L'Analyse stratégique**, 1994 *L'acteur et le système* Michel Crozier, Erhard Friedberg, 2014-04-02 Synthèse théorique de l'analyse stratégique développée par les auteurs cet ouvrage s'est imposé comme une référence dans la littérature sociologique comme auprès des professionnels du management. Nourri de nombreuses études de cas il étudie les relations de pouvoir et les stratégies qui laborent les acteurs au sein des organisations pour en saisir les logiques sous-jacentes et en délimiter les zones d'incertitude ces interstices où les enjeux interpersonnels prennent le pas sur la rationalité du système. Au-delà du monde des entreprises et des administrations c'est une réflexion plus générale sur les problèmes de l'action collective que nous invite ce livre.
