

# Rules Manual Official Update Version 1.1

Although we strive to ensure that our books are perfect, sometimes mistakes do creep in. When such issues arise we feel that it is important to deal with them as promptly as we can, and we therefore produce regular updates for all of our books. When changes are made, the version number will be updated, and any changes from the previous version will be highlighted in **Magenta**. Where a version number has a letter, E.g. 1.1a, this means it has had a local update, only in the language, to clarify a translation issue or other minor correction.

This update is split into two sections: Errata and 'Frequently Asked Questions'. The Errata corrects any mistakes in the book. The Frequently Asked Questions (or 'FAQ') section answers commonly asked questions about the rules. These questions have been gathered from many sources. We are always happy to consider more questions, so please send any queries to:

[gamefaqs@gwplc.com](mailto:gamefaqs@gwplc.com)

Although you can mark corrections directly in your book, this is by no means necessary — just keep a copy of the update with your book.

## ERRATA

Note that some of the profiles in *The Hobbit: An Unexpected Journey* rules manual will vary from those in the five sourcebooks: *Mordor*, *The Fallen Realms*, *Moria & Angmar*, *Kingdoms of Men* and *The Free Peoples*. When picking a force, you should use the rules and points values featured in *The Hobbit: An Unexpected Journey* rules manual in place of those found in the sourcebooks.

**Page 49 — Characteristics for Mounts, Hunter Orc Profile.**  
Change the Hunters Orc's Fight Value to '3/5+', and Strength Value to '4'.

**Page 52 — Cavalry and Fights, Hunter Orc Profile.**  
Change the Hunters Orc's Fight Value to '3/5+', and Strength Value to '4'.

**Page 53 — Cavalry, Cavalry Knocked Prone.**  
At the bottom of the page, add the following paragraph:

### **Cavalry Knocked Prone**

The riders of any Cavalry models that have been Knocked Prone are automatically Thrown, counting as having rolled a Knocked Flying result (see page 52). The mount is treated exactly like a mount whose rider has dismounted or been killed (see page 51), except that it is also Knocked Prone.

**Page 63 — Monsters, Brutal Power Attacks.**  
At the end of the second sentence of the second paragraph, add 'Brutal Power Attacks ignore the Wary tests.'

**Page 100 — Wargear and Bow Limit, 4th Paragraph.**  
Change the start of the first sentence to: "Your army can have one third (rounding fractions up) of its Warriors equipped with any type of bows or crossbows — usually, this means that one Warrior in every three can carry a bow."

**Page 113 — Objectives.**  
In the second sentence, replace "... (see the Trolls' special rules on page 189 for details)," with "... (see the Trolls' special rules on page 187 for details)."

**Page 123 — Breakout, Special Rules, Kill Them All!**  
At the end of the paragraph, add 'The Goblin King arrives in Turn 3 at the end of the Evil Move phase, from any point on any board edge, chosen by the Evil player.'

**p. 178 — Thor, the Last King Under the Mountain, Wargear.**  
Change entry to read 'Dwarf heavy armour and sword.'

**p. 185 — Narzug, Lethal Aim.**  
Change the first sentence of the second paragraph to read: "Each turn, when making a shooting attack, Narzug may spend a single Might point without having to reduce his store..."

with public schools in terms of student engagement and time. However, the two needn't be mutually exclusive. *The Pedagogy of Pop: Theoretical and Practical Strategies for Success* discusses a variety of strategies and approaches for using social and mass media as tools through which teachers might improve schooling. While there is a vast body of literature in this field, editors Edward A. Janak and Denise Blum have created a text which differs in two substantive ways: scope and sequence. In terms of scope, this work is unique in two facets: first, it presents both theory and practice in one volume, bridging the two worlds; and second, it includes lessons from secondary and postsecondary classrooms, allowing teachers on all levels to learn from each other. In terms of sequence, *The Pedagogy of Pop* draws on lessons from both historical and contemporary practice. The introductory section of Janak and Blum's collection presents a pair of papers that use somewhat different approaches to examine the historical roots of contemporary critique. Part I presents a series of chapters designed to provide guidelines and theories through which educators on all levels can think about their practice, focusing more on the why of their approach than the how. Part II presents a more hands on approach by sharing a variety of specific strategies for incorporating pop culture in all its forms: technology, music, television, video games, etc. in both secondary and postsecondary classrooms. The conclusion shows the praxis of teaching with popular culture, presenting a counterpoint to current thinking as well as a case study of the best of what can happen when popular culture is applied effectively.

**Handbook of State Aid for Film** Paul Clemens Murschetz, Roland Teichmann, Matthias Karmasin, 2018-04-01. This book is an analysis of the specificities of public film funding on an international scale. It shows how public funding schemes add value to film making and other audio-visual productions and provides a comprehensive analysis of today's global challenges in the film industry such as industry change, digital transformation and shifting audience tastes. Based on insights from fields such as cultural economics, media economics, media management and media governance studies, the authors illustrate how public spending shapes the financial fitness of national and international film industries. This highly informative book will help both scholars and practitioners in the film industry to understand the complexity of issues and the requirements necessary to preserve the social benefits of film as an important cultural good.
