My employer purchased a few of these books for us to use as resources. Hands down, this is the most comprehensive, organized, and well put together resource on cloud computing. Cloud computing is an important transition and a paradigm shift in information technology services delivery. If your clients are looking to you to be an expert, this is the best investment you can make. In addition, once you purchase the book, you also get access to their eLearning programs at no cost. Excellent resources. You will use this as a guide for the rest of your career. Great Beginning. The material is presented in a logical, easy-to-follow manner. I believe this is well worth the money, and I am looking forward to advancing to the next level. I believe that having cloud computing certifications from the Art of Service will distinguish me from other IT professionals having the same common IT certifications. Excellent book, totally satisfied. This is an amazing book for anyone who wants to explore what is Cloud Computing and how it works in the world of ITSM. The book includes some very detailed case studies from real-world implementation. I deeply enjoyed reading this book, and it really helped me understand the jargons about Cloud Computing. I read the book 2 times, practiced the sample tests, and passed the Cloud Computing Foundation Certification exam with 95%. I would definitely recommend this book to my colleagues and friends.
