Windows Live Movie Maker is a small but powerful movie editing application from Microsoft. It is a complete rewrite of the old Movie Maker software with a new audience in mind. The focus of this new edition is on giving you the power to quickly create movies and slideshows to share with your friends and family. The movies can be a combination of your favorite pictures and home movies set to your own soundtrack. You can add cool effects to transition between scenes and captions to add a narrative to your movie. With Movie Maker, users can edit digital video and photos including adding music and narration. Apply animation effects to videos and photos. Create DVDs for personal use including menu systems for navigation.

Teaching the New Writing Anne Herrington, Kevin Hodgson, Charles Moran, 2009-05-14. How has the teaching of writing changed in the 21st century? In this innovative guide, real teachers share their stories, successful practices, and vivid examples of their students' creative and expository writing from online and multimedia projects such as blogs, wikis, podcasts, electronic poetry, and more. The book also addresses assessment: How can teachers navigate the reductive definitions of writing in current national and statewide testing? What are teachers' goals for their students' learning, and how have they changed in the past 20 years? What is the new writing? How do digital writers revise and publish? What are the implications for the future of writing instruction? The contributing authors are teachers from public, independent, rural, urban, and suburban schools. Whether writing instructors embrace digital literacy now or see the inevitable future ahead, this groundbreaking book, appropriate for the elementary through college level, will both instruct and inspire. **PC World**, 2001. *Microsoft Windows Movie Maker For Dummies* Keith Underdahl, 2000-09-15.
